

Mr. John Mac Queen, ADRA
Mr. Fletcher Poling, Acting AC/VTE

July 26, 1971

Hunter Fitzgerald, CEA/National

Repair of Temporary Refugee Schools.

Last year many temporary refugee schools were built in PNI Districts Vta/N, Vta/S, Ban Lam, Vang Vieng, Borikham, and Phnom Nong. Mission Policy has been to construct temporary rooms ASAP and replace them with permanent rooms when the refugees are settled into their permanent villages. This approach has been followed whenever possible. However, there are some temporary rooms that will have to be utilized again when school opens in September.

Copies of HCE letter number 2556 dated July 26, 1971 are attached for use by you and your field representatives. This Directive to PNI's tells them to repair their temporary schools so they can be used for the 1971-72 school opening.

Mr. Woodson is working with CEAA's and CIA's to obtain commodity requirements and is encouraging PNI's to organize local villagers so that the repairs will be made on a self-help basis.

It would be appreciated if your staff members be made aware of this plan.

SUBJECT : Permanent and temporary schools

REFERENCE : Letter of PSI/VTE S No. 11/2000-71-21

I would like to inform you that village schools which
helped built in 1970-71 are considered as temporary schools.
In the future, the said schools will be replaced by
permanent type schools through the support of USAID. The
will coordinate with schools concerned as follows:
Activity Plan

While waiting for permanent schools, the
will take many more measures. I would suggest you
repair the temporary schools.

You are to make a list of materials necessary
repairs in the Department immediately so that the schools
can be repaired and will be ready for 1971-72 school year.
