6. MSgt DOUGLAS DREW, 64, USA Ret, Served in WWII & Korea, got out of Active Duty in 1958, but eventually crossed over to the ZOS and last assignment was Opns Mgr, Air America, Luang Prabang. He was CALLED TO DESTINY 11 May 1983 and a Memorial Service was held for him 5 June at Corning, NY area, Grace Lee Memorial Wesleyan Church, Beaver Valley. Burial at Arlington. DREW had been a Post Member since 1973 and received his Certificated US Flag in 1981. Wife SHIRLEY will be at [redacted]. She just wrote us as we go to print. MGen CHARLES BARRETT, USA Ret, who lives in Corning, NY area at [redacted] read the clipping in the LEADER and cut it out and sent it in. Thanks to both we can get this timely announcement out.

7. OTIS R FITZ, 72, Commander CHINA POST 1, in 1948, in Shanghai. Whom CASH & EMMY have kept in touch with him and his family, all these years, passed from heart attack, Holy Cross Hospital, Lauderdale by the Sea, Florida on 1 June 1983. He is survived by a daughter, WENDY, and SANDRA, (Mrs AL NEHWART) of [redacted]. CASH in 1948 was the Adjutant, FITZ was Commander, and Gen CLAIRE LEE CHENNAULT was Chm of Exec Committee. Cremation and close family services held. URN will be set alongside his wife SOFIE of some 40 years, who passed some time ago at Pt Loma, CA. FITZ was a two degrees Electrical Engineer graduate of Columbia University, became a Reserve Officer in 1935 while working for Consolidated Edison in New York. Served as Col in Engrs WWII.

Upon CASH & EMMY's return from overseas and settling down in Encino, Calif in 1953, FITZ came west, bought a home on Malibu Beach, and settled in too. Held tremendous jobs of major responsibility. We always went to his home for 4th July, and they would come ours for New Years Day. An almost ritual for the two families. In sickness and health we held together. Always held Legion Meetings, in Exile, on 4th July & New Year.

8. THOMAS BOYD, 76, ex VP Opns, Air America, 8+ yrs, was in hospital for open heart surgery. Did not make it. We understand, family held cremation and no services. There was to be an Obituary in the NY Times on 19 May 1983. So far no copy to CASH and the POST Archives... This info telephoned in by HELEN J WIGHT, VC-China. We understand BOYD is survived by a wife HELEN and two sons. No details.

9. CAL CALLOWAY, ex Air Commando, ex Air Attache office in Vientiane, passed from severe medical problems which finally called him 24 May 1983. Services and committal held Nampa, Idaho, 29 May. A sister GWENNA CALLOWAY is at [redacted], Idaho. Both of these last two men were known in ZOS fashion to our own. Ditto for DREW. MARY LOU HUGHLEY of [redacted] kept us posted on CALLOWAY.

WHO WHAT WHEN WHERE

10. BARBARA B KENT, Ens USNP, recruited when in Comm work at ANDROS ISLAND, has applied for Pilot training. New add is at [redacted]. Want to know how she can start a CHINA POST MEMORIAL DIVISION in ENGLAND.... We already have a Division there, in name only. A bunch of the RAVENS kept things going around as best they could. By this PS, CASH is asking whomever has the banner, to send it to her soonest.

BARBARA is also personally requested to look up CASH & EMMY's personal friends and long time Post Members, going back to original SHANGHAI DAYS, GUY and LEVIAH HARDEN. GUY was in construction and engineering. Had offices, Industrial Engrs 311 Windsor House, Hong Kong for many years. Now retired as much as an engineer can ever do, and lives in a renovated by themselves, 600 yr old home, "The Manor House", [redacted] HS. They had four children, FRANCES, DEAN, SHERRY and GUY III. At one time they had three of them in universities in USA. All attending college.

It may be a good idea to broach them on having the BANNER kept at their home and make it a rendezvous point in that area for our wandering types who come thru that area. And thus we can set up a regular "Safe Haven" contact point in that area. All subject to approvals.

11. ERIC JACOBSON, son of VC-China ROY JACOBSON (JUDITH=Judy) ex USA(SF) 4 SOF 5 "A" Teams, Ldmstr, AAM, Canadian Northwest Territories, wildlife, now consultant on own for Arctic waste lands, for various oil companies etc, for "Conservation" practices, made EAGLE SCOUT. Years ago when they visited the Scottsdale area, CASH was advised that ERIC was in the ROY SCOUTING program. CASH told him, "When you are ready for your EAGLE SCOUT AWARD, let us know, we will Honor you with one of our CERTIFICATED US FLAGS!" So on 18 June 1983, ERIC will be so honored. CHRIS COCHRANE & DONALD JANIAK will become EAGLES too.... ERIC's add is [redacted]. We know he will be as capable as his parents towards his home land. Many people are aware of the EAGLE SCOUT category and my son had one experience when he found it made a major difference in a job application review. [Our son is EAGLE SCOUT too]

12. DAVID H HICKLER says he is "pulling the pin" and in August plans to be basing out of his regular home address of [redacted]. He will be at the next Las Vegas Reunion and help the POST with some of his original archives. He had some 28 years of CAT SAT AAM. And since returning to CONUS he settled in with HUGHES AIRCRAFT in the International Sales Division, in a highly responsible and much traveled position. So another "Weary Wanderer of the Wasteland of the World" (only he found some very posh locations too), eventually comes home. His latest recruit is Ex Pit TOM LYNCH (Cookie March), [redacted], who is USA 4 SOF 5 CP(FW+RW) Jakarta, Abu Dhabi, Alaska, and now with HUGHES ACFT too in Marketing Dept.

ALL NAMES, ADDRESSES, INFORMATION IN THE POOP SHEET IS STRICTLY FOR THE USE OF THE MEMBERS. ANY OTHER USE, SOLICITATION, COMMERCIAL OR OTHERWISE, OR COPYING OR REPRODUCING BY ANY MEANS IS PROHIBITED WITH OUT PRIOR WRITTEN APPROVAL OF THE COMMANDER. COURTESY IS REQUESTED.

13. WILLIAM H UNDERWOOD, Maj USA Ret, 1938 to 1961, who then crossed over to construction has spent a life time in facility mtnce, ordnance, uniform or mufti, mgr mtnce, gets mail via NICHOLSON, [redacted]. Many of our types show up at the "HALE KOA", (Warriors) HOTEL built there in Honolulu by servicemens post exchange type profits and run for the benefit of the servicemen. UNDERWOOD with some 24 Army years, and 22 overseas construction years, can always find someone visiting there who has crossed paths with him at one time or another in his lifetime.

14. VIRGINIA R (Ginny) RENSRAW, The Atlantis [redacted] phoned. Wanted to know if she could give the "VETERANS OF THE OSS", correspondence etc held together by HUNT, [redacted] NY the address of lost to them NORWOOD ALLMAN, who has been with CHINA POST for years. Of course she could. This "VETS of OSS", is the selection of the civil service and military types who were involved years back. Some are pretty big names later. JULIA CHILDS, JACK SINGLAUB, MARY LOU RICHMOND, GINNY, though retired keeps working a bit simply to keep busy and may even qualify for Medicare in time, etc. GINNY again volunteers to help with Emblem Sales etc at Las Vegas Reunion.

15. LEE DE LOUVETER, aka, "Mad Frenchman", WWII & Korea Vet + Special Forces type, is Natl Secy "COMBAT VETERANS OF VIETNAM" which is actually a Special Forces Elite Society, [redacted]. He had been with the American Legion at Paris Post 1, and Kaiserlauton, German. DE LOUVETER was interested in the CHINA POST 1 Operation. He phoned, sent a copy of their publication, and wanted info on us. Will send. Their publication is called "THE MISSION" later "CVV".

16. Capt TERRY WALL, USA 4 SOF 5 Plt, Law Enforcement, Jakarta, Zaire, etc, is now a civilian instructor at Ft Rucker. Had a good lead on heavy helicopter air lift deal in Saudi. Intl Tech Services. There was an expected change of contractors. WALL gets his mail via [redacted]. At his age, CASH advised looking into return to active duty and go for finish out and retirement.

17. Capt FRANK W BALSLEY, ex USN 234 Aviator, SOF 5 Pilot CASI Mufti, Const ZAIRE Africa with Morrison Knudsen affiliate, is back in CONUS. PFA is [redacted]. His daughter is at this Duplex deal which he owns. He is thinking of hanging up his Scarf & Goggles. Passed his 62 birthday.

18. What is this we hear?. Capt GLENN G RILEY, ex LtCol USMC 234 SOF Plt 5 AAM 7+ yrs, contractor and Movie pilot., had a back operation surgery?. Those viewing the TV movie of "WAR and REMEMBRANCE", Pearl Harbor attack scenes, can see him in action as the lead Jap Zero in the attack. Then RILEY also said something of moving to SUN LAKES here in Arizona. DAISY please keep us posted.

19. JIMMY G HARRIS (Hiroko), USMC 3 SOF 5, add of ICM, [redacted], cabled CASH and raised a good question..."Peace Corps uses US Govt form 171 in employment applications, they did not recognize Veterans preferences for Peace Corps Staff Jobs.". Said letter would follow. None came.

20. JOSEPH H HREZO, ex USAF 4 SOF 5, Airline Opns Mgr, WORLD etc, is now with BROWN & ROOT, Constructors, was in CONUS for R&R, and was returning to Indonesia soon again for B&R. He was going through some of his archives and was sending on some more items to CASH and the POST. ... add = PFA via parents at [redacted]. ... Other info.. TOM TAUS USMC 4 SOF 5 AAM, World Airlines in PI, was standing by in CONUS awaiting clearance to go to Colombia, SA on the huge EXXON coal job being constructed by Morrison Knudsen, the CERREJON project. But the job was being cut back, and Colombia was trying to force more local hires. So his expected assignment had not cleared yet. Wife CORA and infant are at [redacted]. He expected to go back there soon. ... Later their buddy LEX RATHBUN called. ... he had been to Far East, PI and enroute had seen TIGER RYDBERG, who said to pass a Hello to CASH. Dr RATHBUN, DC, is at [redacted].

21. Capt A. W. "ARCHIE" HALL, (Le Thanh Thi), SOF plt 45 and with Flying Tiger Airline for years, is at [redacted]. He phoned, was trying to get location of a Capt ROBERT L COX (Fusako), whose address of [redacted], wasn't answering phones. Seems as if there were some funds involved concerning Indian International Airlines or something like that. COX was President of firm. COX had been originally proposed by HENRY GUN- THER. COX had about 3 yrs with CAT AAM according to blue card.

21.1 ERNIE and KATHY CLAY, Vice Commander - China, now at c/o ESSO PRODUCTION, Malaysia Inc, PO Box 857, Kuala Lumpur, have sent in whole bunch of members, including. JAMES G GROFF -

22. Capt BENNETT P CRAWFORD (Vanh), USN 4 SOF 5 Pilot, Air America, TRI-9, and Secretary of the PHNOM PHEN PIG PILOTS ASSOC, is at [redacted]. He and the others at that time who were able to get together and help each other in the non peace time flying as Phnom Penh was falling, is Secretary of the PIG PILOTS. Any one who was not on the original 55 member list, yet qualifies for that elite chance taking catch as catch can in-country flying, is urged to write to him and he will send for free a special Certificate of approval as a PIG Pilot. Of course, he will need some sort of verification to do this.He also agreed on changing the PIG SYMBOL enough to create a new WINGED PIG ala the Pegasus the flying horse utilized by Mobil Oil as a symbol trademark. So CASH in the future will carry them in EMBLEM SALES. A supply has been ordered.

Assisting in this selection were Capt JACK LOUGHRAN, (Janet) USA 2 SOF 345 CP(FW) Congo, Laos, Saigon, CASI a mufti ftr plt. His add = [redacted]. Also instrumental was his Flight Officer, now Capt DAVID NOWLEN, of 2 Mimosa Court, Eldorado, at Santa Fe, New Mex 87501. NOWLEN has good records of his hire and work as PIG PILOT. He wrote to CRAWFORD, and now carries the Official Card too.

NOWLEN, before his Pig Pilot days was lead soloist & guitarist for still well respected and liked musical group, the original BEACH BOYS. He sent over a tape of some of his own recordings. As we type this, it is playing on our machines. The first two songs are to his daughter, then 5 & 6 yrs old. The third song, he had done for his family last year. The rest of the songs came out of the 1970 era... Playing his own guitar with other accompaniment, he sang along. Keep in mind, he and the BEACH BOYS had many GOLD & SILVER Records, which in the Phono Record business which preceded TAPES, is quite an accomplishment. ...How CASH found out about this talent is another story. On our first meeting when he came to visit, he never brought this talent up, nor does it show on his blue card. CASH however noticed the heavy callouses on the left hand finger tips, and none elsewhere. So on the next time he came in, CASH could no longer restrain himself, so he asked. Then the story came out. Later, CASH asked LOUGHRAN how he found about this talent. The answer was a classic..."When he came aboard the first time with me as the Co pilot, he had the darn guitar with him as we took off for Phnom Penh!.... Well, that "geeter" took lotta space. LOUGHRAN beefed about it. NOWLEN succeeded in taking it along. Now you know.

NOWLEN, is it Bowman, N Dak, you are singing about? As you know EMMY and CASH are both born in that State too. If you can make the next Las Vegas Reunion, pls bring "geeter" along. Practice the 23rd Psalm. (Replayed it again, it was N Dak.)

23. Another person who carried his musical instrument with him was none other than POST BAGPIPER, Capt DOUGLAS DEXTER.... DEXTER was USMC 4 SOF 5 helicopter pilot for Air America 3+ yrs. After flying hours, when the groups were enjoying themselves at the bar or elsewhere, when the party was starting to slow down, DEXTER would show up, fully kilted, eyeballs awry, bladder under arm and pumping away.... Naturally always opening with THE MARINE CORPS HYMN. Brickbats he got, at times, from USN, USA and USAF types, but USMCers would rally and all took off again. On Xmas day, 1973, went to work in full Scottish Kilt and Uniform. He took his Air America Captains Shoulder Boards and affixed them to the top of the jacket, and flew off on his full days flight circuit for ICCS (International Control Commission), and at each stop, he dismounted from the Captains seat, donned his "Bag Pipes" and "wailed" away. Even his passengers and the ground crews joined in. Ordinarily, he would have been fired for being out of uniform on official flights, but some how, AAM management could never get any one to testify about this non uniform bit. DEXTER has given the Post ARCHIVES an excellent picture of him, in full kilts, Beret, Sporan, wearing the AAM Shoulder Boards, erect along side his Flight Officer and in front of the ICCS chopper DEXTER, with PFA of [redacted], is in with CBS Radio management for years, transferred over to their Cable TV section, and is still in the TV Cable end of it. He handles major accounts like Hotel Motel chains. Gets into PHX every once in a while. Last time in, left NY about 0200 and Capt DICK ELDER was phoning him after midnight our time.. His next stop was San Diego and holding a meeting with Capt RON ZAPPARDINO, USMC 4 SOF 5 ditto experiences [redacted]. DOUG can you give us another address?

24. CHARLES W ZEWE (Betty Carolyn) USAF 3 SOF 5 Electr Engr, is at [redacted]. Is in computer hardware with many years as a Field Service Rep. (Nellie); ROY W GULLET, JR (Cuc Le); EDWARD H LANDRENEAU (Pat) ROBERT G STONE (Sandra); GEORGE E WILLIAMS; BOB TAYLOR: Expect to sign up some US Embassy Marines too.....

25. We understand Capt PAT THURSTON is Chf Plt American West basing out of Phoenix, AZ. A new airline being formed.
26. A STEPHEN DREHER in New York was interested in CHINAPOST members, and ran an ad in our type magazine. He got one very interesting phone call. "Walking on rice paper"...
27. MISSING: A ROY MORGAN, ex WWII pilot, and a BILL TAYLOR, are missing since 1978. This question came from Capt PRESTON S MYERS (Acoracion), [REDACTED].
Seems as if both men, WWII types, and in 60s+ were heading south, disappeared 28 Oct 1978. Owners of acft never heard from???? ... apparently, MORGAN has a American grand daughter living with a WILLIAM A YOUNG, at [REDACTED]. MYERS info very sketchy. Thinks MORGAN may have flown for CASI or AAM- was in S'pore area 1970-76, and Guam after that. Flight was Florida and southerly. This info simply too sketchy for realistic to tie into write up. MYERS thinks Capt JOHN STALLMAN, USMC Maj Ret 234 SOF 5 Plt AAM etc may know this ROY MORGAN.
28. Another MISSING is JESSE EDWARD MARKHAM, Jr, USNR. Capt MARKHAM, had a PFA of [REDACTED]. ED BASDEKIAN made first query to CASH. Now we find JESSE's brother, MONTE MARKHAM who from time to time is on TV and talk shows, with add of [REDACTED] has been on search too. He had gone Colombia to check out a lead. It was a hoax. AUDREY AND JOHN GREENWAY remember JESSE's and MONTE's Mother from a Bangkok visit. Mrs MARKHAM had a brother flying in and out of Cuba during Bay of Pigs era, was captured, was in Cuban jails for 5 years, and one day showed up. He died 6 months later. During all the time of incarceration she had heard nothing. So Mom MARKHAM has been all through this before. MONTE showed interest in the Las Vegas Reunion, so at the GREENWAY's request, CASH will write him a letter and enclose this PS along with the Reunion Information.
29. While on this subject, members are advised that Capt HERB BRONSON and BILLY BAKER are now back in CONUS and each have a big chapter in their BOOK OF LIFE completed and ready for write up. Some chill factors too.
30. Capt LLOYD W ZIMMERMAN, [REDACTED]. Sent in a Special Envelope showing North Pole Landing on 30 April 1983 at N89° 29.2' and W003°15.8'. He was Pilot. GILES KERSHAW was Co pilot on this last landing just missed North Pole by .4 nautical miles. They made several evacuation flights in to the site and all people were picked up. CASH does not know all details of the Arctic Polar flights nor reasons for the evacuations, but in time, no doubt ZIMM will be able to send in the write up. Recruited by ROBERT WOOD, SOF.
31. DAVID D "DD" WILLIMAS, USA(SF) type, USA(SF) 4 SOF 5 Const supply & mqr, close in support, uniform or mufti, of [REDACTED] Arabia. Now back in CONUS and wants to get back overseas on any realistic job. Says VINNELL's, SANG Project, like a bunch of others went into "CUT BACK" RIF phases and he was in the group.
32. DONNELL "Rabbi" WILLIAMS, US Emb- AFE-PAU, [REDACTED], APO SF [REDACTED], came back to CONUS on home leave, visited around but spent much of his time with his 90+ yrs old grandmother and did some house painting, repairing, and fixing... Now back on duty. Was fortunate to meet Mr CASEY himself... Got some good personal news.. non publishable... Is more than just interested in his job site and location factors. Really a challenge. Thanks, DONNELL, for the clothing order forms. Most complete one page format we have ever seen. As time draws nearer, will keep things in mind. We duplicated both sides, men & women measurement factors, for future use. ... Will see you in BKK in February.
33. Had a nice long phone conversation with RUDOLPH W "RUDY" COOPER, USA(SF) 234 SOF 5, SOG, Spec Ops, CIC MI Spec Proj type. Has personal knowledge of the areas BO GRITZ was going into in Thailand/Cambodia. HUGH MURRAY knows that area too. COOPER not too much in favor of the GRITZ caper
34. Capt DAVID C HILYARD (Marjorie), [REDACTED]. Was in RIF so was looking for suitable work. He added former member 1976, Capt EUGENE "GENE" THOMASON may also get into the job market. Gathered GENE was in Saudi.
35. Capt ROBERT P CHAPMAN (Marianne who is RN & MN), is now at [REDACTED]. After his deal with PSA and subsequent book written and published on "Pilot Fatigue" he is now ready to go back to work. CHAPMAN was USMC SOF 45 CP (FW) some 14 yrs with PSA. Was Monterey schooled in Russian.
36. Capt OZZIE OSBOURNE, LtCol USAF Ret (Claire) 234 SOF 5 AAM plt, and Claire is very effective in a Book Store business.
- 36 continued..... OZZIE sent us a copy of author STERLING SEAGRAVE TIME LIFE book titled "SOLDIERS OF FORTUNE". Quite a few of the names mentioned are or were Post Members... Interesting enough, STERLING was a son of DR GORDON SEAGRAVE who run those hospitals for the natives and some troops during WWII and the CBI areas.
37. HARRY L "EL DAGO" BONESSA, (Nancy) had a heckova time in the hospital with the back surgery. Came out of it some way with small blood clot stroke which affects his eye sight. Now being told, he will not regain eye sight. Last time we phoned him, JACK BRENNAN, who works for Air Florida, had a couple days off, so flew in on American Airlines for an overnight visit to cheer El Dago up. Add = [REDACTED]. CASH knows BONESSA appreciates phone calls.
38. MELVIN DOUGLAS HARRIS SOF 45 Const Supt, Africa 14 yrs, who was recruited by GECKO RUNNER, phoned in from one of his PFA's via a brother at [REDACTED]. He is on home leave, R&R type, from the GURI DAM project, one of the world largest dam sites. We lost him in the ex Algeria shuffle. Pls reinstate if when you can MELVIN.
39. Lt Col DONALD L RODEWALD, USAF RET WIA DAV who is Secy for the AVG, American Volunteer Group, add is at [REDACTED] was in PHX MESA area for a special "ACES" Reunion. These are USAAC USAF pilots who have shot down in mortal air combat.* He attended. When he received his US Certificated FLAG from CHINA POST he promptly flew it at his home and sent us a picture to prove it. Being a wheel chair case does not slow him down. He flies all over and gets around all the time. *[Minimum of 5 kills]
40. Capt LLOYD M JONES (Blanche), RCAF 2 SOF 5, Chf Plt Mobil based out of Jeddah, SA, is retiring after 30 yrs of flying world wide assignments and will eventually wind up in retirement at Gen Del, Eagle Bay, BC, VOE ITO, Canada. He flew night fighters during WWII in Canada for 5 years, then joined MOBIL and worked/flew out of Libya, and other areas. Was everthing from line Pilot to Chf Plt 18 yrs + Libya, & Saudi Arabia. His application signed by ...WHARTON, KING, KEELER, GRUBBS, Mc DOUGALL. He sent in US\$ 100 for use as needed, so it goes to the DRAGON FUND. ...Thanks, LLOYD & BLANCHE for your help. Hope your retirement is as good to you as ours has been to us.
41. MARK RUWE (GERALDINE), Adj for Dhahran Mem Div for 2 years (& CASH adds, doing an excellent job of keeping the reports etc coming into CASH and EMMY and HQ), expects TOM VLASIC will be elected to that position for next go around. RUWE add= c/o ARAMCO, [REDACTED].
The DHAHRAN MEM DIV REALLY has been helping FATHER BRENNAN and the PATTAYA ORPHANAGE. FR BRENNAN's thank you letter shows, receipt of US\$ 500.00 on 31 Dec 1982, another US\$ 1,184.21 on 31 Dec 1982, .. In a June 6, 1983 letter, it shows another US\$ 1500 will be delivered to the Orphanage hand carry by SAM ZIMMERMAN, after 29 June. ZIMMERMAN is completing 10 years service with ARAMCO and will go by Bangkok, make this presentation personally, and then come home to CONUS. POP BUELL FUNDS.
In same letters were remittals on Post Members JUAN ORTIZ, HAROLD WILSON, BILL JOY, MEL "HARRY" SINQUEFIELD, HERB WOODRUFF AND US\$ 500 for the MUSEUM FUND from the Dhahran Mem Div too.
For election of officers night, J C BOND, Dep Cmdr, has arranged a door prize which should really draw the members in... PANAM donated a round trip air ticket from DHAHRAN to the CARIBBEAN. This will be a gala night. Election of officers has so many variables. Men can't accept because of up country assignments, home leaves, heavy work commitments, etc. However some way, some how, they do get things done.
42. In response to other things, "TIGER" RYDBERG, VC-CHINA, sends in verification of more POP BUELL FUNDS from POST HQ forwarded to him for FR BRENNAN and the PATTAYA ORPHANAGE... Some is converted to BHAT by TIGER so easier to handle by BRENNAN.
43. Grapevine information is that the RAPID DEPLOYMENT JOINT TASK FORCE, Commanded by Post Member LT GEN ROBERT C "Barbed-wire Bob", KINGSTON, has been renamed to "US CENTRAL COMMAND." Dept of Defense, has several such Unified Commands, and other Specific Commands, each geared to certain areas and responsibilities. "CENTRAL COMMAND" does not need to be considered as if it were for say Iowa, Kansas etc.
44. HAVE another mystery. WHAT is JANET BOND's MEMORIAL BED ROOM?
45. WILLIAM E "WILD BILL" MURRAY, now [REDACTED] thinks he can acquire original photos of the original US Flag Raising in BEIJING, CHINA, done at the US Legation there. Of course, we want that type for the archives.

45 continued: After the Legation opened, we had about 11 members there at Beijing, (Pekin, Peiping). But with the transfer of Hugh Hudson, the correspondence came apart. A Banner exists at the US EMBASSY there. To have original pictures of the return and Flag Raising ceremonial would be worthy of our type archives.

46. BOB ROBINSON, Cndr SINAI MEM DIV, add of ESY/MFO, APO NY 09677 sends in considerable info. They are very very busy, about half of the Post Members have rotated and are gone, now about 22 members here. Some leaving every week. We are into a RIF....Was holding 2 meetings a month. Had big party on Valentine's Day. Some 60 people attended.... Plan elections in July... departed area.. HARRY BYBEE, RAY MARKHAM, SAM WHITE, FRANK WOODS, BEN STEWART. .. on hand, but simply do not know departure if when timing are... JAMES WILLIAM, RONALD HAESLY, LYNN ROWE, BOB ROBINSON.... Others not listed say they are notifying Post HQ direct....

47. M. L. "Monty" MILLER, construction man, [redacted], [redacted] has just returned from the two year Morrison Knudsen Job of building an oil pipeline across the Isthmus of Panama. From Pacific Ocean across the mountains to the Atlantic Ocean...to facilitate movement of Alaskan crude oil. Keep in mind the rainy season etc and every other construction type obstacle. ... MILLER visited with CHESTER HOOVER (Lat) in Wyoming. LAT and my wife LEK really had a chin fest. All knew each other from BKK & Saigon days.

48. "HACKSAW" is the good describing nickname for JAMES WM GRAY, JR (Brenda), now Sales Mgr for TEXAS IRON WORKS, Intl (TIW), basing out of [redacted] Street Add = [redacted] [redacted] [redacted] [redacted]

Metro Manila. I. .. During WWII tried out on B-17s, and could not pass physical for A&E, B-29's, so wound up in CBI hauling gasoline to Burma & China in C-87's & C-109's. Was in C-54's on interior China runs. Downed 6 Jan 1944, walked out in 26 days. Ran into some LOLO's and a survivor. They are similar to NAGAS in India. Except for USAAC time, spent rest of years on Drilling Rigs. Roustabout to Supt and all up and down. Supply etc. What ever required...HACKSAW is personal friend of TEX & TWISTER AKIN, and naturally TIGER.

49. We have had a series of letters from TIGER RYDBERG...BKK, among names of those stopping in are...HACKSAW GRAY, PETE PARKER, GLENN VAN INGEN, JIMMY PEARSON, LES KRAUS, DEE CHRISTENSEN, DIJK KALETA, IZZY FREEDMAN, WILLY UTTERBACK, JOHN MURDOCK ED DEARBORN,(SHIRLEY is working on a TV movie documentary of some sort and tends bar for me at times too)...JAMES E CASH-IN, JUNIOR MCBETH, L C LINDER, WILLIAM MULLEN of Chicago Tribune, HANK EDWARDS, GEORGE TAYLOR, JIM COYNE, JOE KERCH, BOB MOBERG, JOE "Shark" DOELKER, MICHAEL BURGH, ERNIE & KATHY CLAY, etc, They are really planning the BKK Reunion.

TIGER, try to get those guys to sign the GUEST REGISTER you have. It will make it easier to get the names spelled right and addresses too would be very useful.... So many other names, CASH simply can't list all of them... A real rendezvous point for our type people.

50. FR LUKE BOUCHARD, of SEA fame, and a very close friend and co worker with POP BUELL wrote to Capt Izzy Freedman and we quote in part from it. BOUCHARD's add = PASTORAN KATOLIK, PUTUSSIBAU via PONTIANAK, KALBAR, INDONESIA. ...has a sister Mrs DEL FACHADA, [redacted] From letter...." Many thanks for letter and the generous donation. Also thanks to TIGER RYDBERG and the others who donated in POP BUELL's name..... He had just come in from a 3 week tour of 15 jungle villages... had logged in 35 hours of (GHP Johnson) outboard motoring, 31 hours of hiking... one of his sisters had sent him a pair of Sears sneakers (ala tennis shoes), she has been keeping me in shoes since 1954.... is going on home leave for 6 months...leaving soon for another tour of the villages...

FOR THE BENEFIT of those who do not know FR BOUCHARD, he is one of the Church's finest priests... diminutive, say 5' 1", wiry, dedicated to his "flock" always...AAM pilots hauled him around to where ever he wanted or needed to go in his personal dedicated missions for his followers in the faith....

Among the SOF types, this man stands out alone...a rare personage. However, any of the POP BUELL Memorials sent to him are not routed through the Church, they go to him alone.... TIGER RYDBERG and Capt IZZY FREEDMAN will attend to that item.

51. Capt JOHN R DEAKIN (Tamiko), SOF 45 Plt Capt B-747 for JAL, has Conus add .. [redacted]

He and TAMIKO have two sons, ALEXANDER TAKAHIRO (2 1/2 yrs) and THOMAS Akihiro (9 months). Still based out of TYO with JAL... The JAL/IASCO contingent is now about 60, down from about 300. They are short on some positions but politically now must hire more Japanese. .. He is still active with computers etc as his sideline hobby... ..He subscribes to more than 100 magazines, newsletters and other publications, and the POOP SHEET is one of the very few that he reads every single word... amazing how names leap off the pages at him.. A recent issue mentioned HATCHER JAMES, so sent him a short note and got a nice reply.. HATCHER JAMES had seen (DEAKIN) do low altitude barrel rolls at out stations, especially Ban Me Thout... so HATCHER insisted on being a passenger in the Beech Ten-Two, and doing the barrel rolls too...and had to be low altitude too... so did..."

JOHN, the US FLAG sent to you was NOT a mistake. It is yours!

52. THOMAS M ALEXANDER (Linda) FSO, Amer Emb, Singapore, FPO SF 96699..has already written to his own Congressman & Senator regarding somehow getting the names of those KIA's in the BEIRUT US Embassy Bombing read into the Congressional Record with all attendant ceremony....From what CASH understands several bus loads of co workers and associates of these people attended the Memorial Services in Conus... For some, a name only, no detail was given... the public may never know if even the right name was listed....More STARS on the wall!...

ALEXANDER and his similar types in the Embassy realize that is why FSOs with "x" years of service get a realistic retirement pay. He understands now that the OMB may be trying to revise retirement pay downward. CASH and others are of the impression those overseas staff in strictly civilian type occupations might get reduced benefits. But don't think this deal will be cut back for certain types We hope....

SOAP BOX -- SOAP BOX

127. A FRED BARNES, an experienced national political reporter for the Baltimore Sun was carefully monitoring the way the three major TV Networks were covering Pres REAGAN's administration budget cuts... he concludes... they have frequently been "unbalanced, unfair and uninformed"... they have repeatedly and uniformly portrayed the REAGAN budget cuts as deep and harmful... while the "hard evidence suggests the cuts were marginal"... ex United Features, 14 Apr 93.

128. Article in 29 May 83 paper, datelined Bangkok, ...Three American SOFs, alleged sneaked across Mekong into Laos on last Tuesday... PETER TITNO, CHARLES KERR & JIM DUNHILL. The Newspapers did not know if BO GRITZ was in on this deal or not. ... in other papers, BO GRITZ written up from both sides of the fence.

129. Several attempts by States to match duplications in various welfare payments via computer check showed up quite a few double payments and lack of notification of death etc benefits. For a 7 state audit, the auditors turned up some evidence to estimated \$ 25.7 million in duplicate welfare and food stamp payments.

BACK AGAIN:

130 J C 007 BOND, Deputy Commander, c/o Aramco, [redacted] [redacted], wrote.... "The following were elected to office at Dhahran Mem Div. This for 1983/1984 year. FRANK BUELL =Cmdr; Div 1st VC - Membership=RICK PAPLOW; 2nd VC=Social Events =HUGH BUTLER; 3rd VC=Treasurer=MARK RUWE; 4th VC=Fund Raising = AL BOONE; and Div Adj= TOM VLASIC. Div Cmdr will appoint his Sgt at Arms, and Chaplain.

Meeting held at local Ramada Inn. Auxiliary joined them for Buffet Dinner... US CONSUL GENERAL JAMES MAURICE EALUM was Guest Speaker... EALUM will be heading towards KUALA LUMPUR soon on vacation and will see the ERNIE & KATHY CLAY.... PAN AM donated a round trip ticket from Saudi to Caribbean which was used for door prize. TOM VLASIC won it. PANAM's MARTIN MOLLINARY and LEN NAGY deserve a kudos from all...

JC and JANET BOND vacation schedule now looks like leave Saudi 28 August and go Texas Louisiana for first leg of trip. And are scheduled to be in the SINGAPORE area and possible KUALA LUMPUR last part of Sept, first part of October. They would like to meet as many people as possible.

From that, it looks as if they won't be at LAS VEGAS Reunion.

There is a RIF going on. So far the Saudis haven't replaced many in the work he is doing. If BOND can work to OCT 1984 he will be vested in his investment program. If he can last 10 years at that job, he will have a nice retirement program built up.... Son TIMOTHY is out of the bush and visiting with Aunt LaVERNE in Chicago. If he cannot get work this winter, TIM might consider going back for an MS degree... AL HARRIS now at ARAMCO [redacted].

The 10 acres ground they are buying at Slidell, LA did not get inundated by the recent floodings. It has a bayou and a Corps of Engrs easement abutting it.

BOND also sent in copy of the Dhahran Mem Div 1982-1983 budget. They are really helping the Pattaya Orphanage via the POP BUELL MEMORIAL FUNDS. Father BRENNAN very carefully sends "Receipts" too so all is verified both ends. They even sent US\$500 to the Post MUSEUM FUND. This will be listed in PS 186 later.

131. Construction Manager ANDREW R BOLASH, who had been recruited while out in the SINAI, later EITAM, later AI GOURAH, is at [redacted]. Signed up by JACK SHIRLEY and LES VANDERPLOW. He is looking for BUD MILLER.

132. FRANK E STERGAR, JR, (Vonnice), [redacted], sent us a color negative taken of the "Helicopter Pilots Manning Board" that hung in the Chief Plt's office at Udorn. Air America's Chf Plt, MARIUS BURKE, now has the original at his home at [redacted]. Thanks, FRANK for your help. CASH will order 30x36 size. This means we will have a sizeable picture of all the "Rotor Heads", less few "early departures", KIA's... 10 photos of all,

132. THIRD WORLD DEBT IS GLOBAL THREAT. And this is for real. MEXICO, BRAZIL, CHILE, PERU, possibly PHILIPPINES, etc in the major areas. Some \$500 billion world wide with all nations..

Some recently receiving loans via the INTERNATIONAL MONETARY FUNDS, are to institute certain reforms, and after getting the money, simply ignore the agreements.... ARGENTINA is already ignoring certain things. BIG USA Banks would go broke if these countries default.... And now the FED RES BANK, USA and big Bankers are trying to foist off on the USA taxpayers all these huge debts and get their own money out.... same thing already happening in domestic bank failures.

KEEP IN MIND... FELIX ROHATYN in LA TIMES write up, ..."Latin America political leaders may be "faced with radicalizing situation internally where repudiating foreign debt becomes an economic possibility and a political necessity"...

133. When we get a hand stamped return address on a small envelope, and a simple say 3"x5" lined card request for a membership application form, from an unknown to us person, we don't have much to go on. Thus no reply. Another request from a F E SMITH didn't give us much to go on, but wrote that there were so many SMITHS and even some with same first initial, it will take some further info to get us interested. SMITH at least wrote he had been with Air America....

134. Things have been going pretty busy here at HQ. EMMY came down with bronchitis which even later kicked CASH around a bit. Then with all the construction work going on, it put CASH on a 7 day a week for now several months. BUT we finally got the Office revamp done, now working on converting work shop into the mail room, and handling the duct work covering for the new air conditioner. In the mean time the 2 auto garage and work shop had to be done. During hottest week end that was, Memorial Day here, over 112°F, we put up the frame building. Got it roofed and painted in and out. Everything had to be prime painted.... Then with work gear and tools all over the boxes, ground, floor, had to rebuild a new work shop facility in the new building so we could re find the many supplies and big and little things always needed. But is mostly done now. Got final inspections done with City. So now CASH has his own check list and odds and ends to clean up. In about three weeks could have everything done except the yard work. That will have to wait. Will take off for a few weeks about 2 July. And be back here in say 3 weeks to push paper and clean up further construction.

BUT we intend to leave next week end, so if not moved into new quarters by then, it will simply have to wait until we return. Considerable remodel enlargement construction on now

In the mean time the heavy printing and now this final PS 184 which mails out the 1984 dues notices plus the Reunion notices. PS-185, White and Canary, already done... goes out with 1984 membership card. Subject to mailing restrictions on Canary.

EMMY had a bout with the hip/leg ache and sciatic nerve deal. She was grounded. So with the help of all concerned, especially SUE in the office and EILEEN, and ELIZABETH who are new, things have been progressing on schedule just the same.

THIS IS NOT A COMPLAINT, JUST PROOF OF THE PUDDING, A BUSY PERSON CAN GET MORE DONE. JUST SO CASH DON'T COLLAPSE!!!!

CASH has had good reports from the Oncologist. PAP tests still within normal ranges. Blood pressures getting too high but multiple reasons for that. Weight holding about same, fat!

BUT the big news is "Maybe Grandparents again"... We are in TALL COTTON and riding high. Go LA and Atascadero, CA for 4 July. Go Seattle for Natl Amer Legion Convention in August. Busy, busy, busy.

ALSO we got the 1984 Membership Cards in time to process and mail out the PRE PAID for 1984 group already. And will get the AUXILIARY prepaid for 1984 out first week July.

135. The terrorist bombing of the US Embassy in Beirut virtually wiped out a key station in the Middle East.... Several of the ZOS types were lost. for the Memorial Services in at Wash DC area several bus loads of their co workers attended. Only one name was released. Rest of info is vague.... According to newspapers the "Islamic Jihad Organization" telephoned and claimed responsibility. It is believed this is an underground group associated with Moslem Shiite fundamentalists in Lebanon who support Iran's leader, Ayatollah Ruhollah Khomeini. CASH says this could be "Dis-information too"!!!
