Dear Mr. Woodson:

Now that the annual A/S - IEP Games are over I would like to extend special thanks for your help in being a basketball official. Your contribution helped make every aspect of the program run smoother than anyone could have for.

Our teams were very successful and school spirit is at an all time high. Our host families were very gracious and our guests displayed outstanding sportsmanship qualities. Hopefully, in the future this type of competition and fellowship will prevail.

Sincerely,

*Jack Anderson*
