

Mele Kalikimaka

Dear Larry - Yes, I'm living in Honolulu
and Dale is in Saigon. We left Korea the
last of September. Dale is Ag Chief for
Region 3. He has a staff of 18 and lots of
interesting work. He lives in a Saigon hotel
room & drives daily to the offices in Bien Hoa.
He travels to the provinces by helicopter.

I'm a co-ed again, at the University
of Hawaii. I love living here. My classes,
wonderful weather, lots of swimming, many
new friends and things to do make my life
most enjoyable. I have a small duplex
apartment - and my caravalle. We
had to store most of our "stuff".

I'm going to that cold mainland to
spend the holidays with my family,
then back here. Dale will spend two weeks
here in January, every four months -
two weeks here. Not too bad, hm?

I see Hank Schwaracher & Penny
Brewer quite often. Hank will be married
in February. Hopes to work here.

Thanks for those New Year cards. I did
want them. If there is a new style this year
you might send me a few.

Be sure to stop and see me if you can.
You can "Hi" to our friends -
