

Aug. 17, 1968

Dear Mother & Dad,

Well here we are one week later. The conference is ok but I think it is obvious that it is difficult to have a truly international conference because of the different stages of development of the countries represented. An Australian for example would be interested in more advanced material than the representative from Chad, Nepal or Laos. ~~Some~~ Some of the more advanced countries have complained because most of the people lecturing are from Europe & most of the modern research has been done in the U.S.A. - educational T.V. for example.

So I guess a lot of them are looking forward to the study tour of Switzerland which starts next Wednesday. If you look at a map, I will try to tell you where we are going. your map may not show Zollikofen but it is only 5 miles NNEast of Bern. From Bern we will travel almost straight east to Luzern - cross between the lakes to SCHWYZ then south along the eastern shore of the lake to ALTDORF then on south 25 miles & straight back east to Meringen, south again to Grimsel-Pass - southwest to Brig - Visp - SIERRE - SION - MARTIGNY - AIGLE - from here we head back slightly NE toward LEYSEN - CHATEAU - D'OEX on up to THUN & eventually back to BERN.

I also found out that I could buy \$20 American gold pieces here. They cost around \$56. Anybody want one. I have taken several pictures but have not found much for souvenirs. The stuff is either cheap or expensive + the middle price stuff is junk. I did pick up two calendars which I will send home. I did have to buy a small camera since I managed to break mine - lens only. I will try to

sell it when I get back to Laos. A young girl is helping here that was an IFVE to the USA. two years or so ago. she said one boy from Kansas was here in Switzerland with the IFVE program. well I better close for now + get some sleep. Still plan to hit Laos on the 9th or a day or so either side. P.S. this sitting around + eating a lot is not good for my waist line.

Love  
Jany.
