Mr. Louis Connick, President
LAA Board of Directors
Vientiane, Laos

Dear Mr. Connick:

I consider it both an honor and a privilege to be selected as a member of the LAA Board of Directors. In accepting this nomination, I accept the responsibilities associated with the position.

One of the reasons behind my interest in the LAA and in accepting this position is the similarity of aims of LAA and my own organization - IVS. As the aim of LAA is to "strengthen the cultural bonds between Laos and the United States of America", ours is one of promoting "international goodwill".

I hope that what I am able to contribute as well as what I will gain through this association will be mutually valuable to both LAA and IVS in attaining our objectives.

Thank you for this honor and will look forward to serving on the LAA Board of Directors.

Sincerely,

Larry Woodson
