BRIEFS

NGHE TINH PARTY CONFERENCE--The Nghe Tinh Provincial Party Committee recently held a conference to study the Second Party Central Committee Plenum resolution on agricultural development. The conferees reviewed the shortcomings and strengths in the recent past and laid down measures to make a new leap forward in the province's agricultural development. Between now and 1980, Nghe Tinh will strive to increase the capacity of all large-scale water conservancy projects to irrigate and drain 140,000 hectares of cultivated land. The province is also accelerating land reclamation work to expand its arable land with a view to producing 900,000 tons of grain in 1978 and 1.2 million tons of grain and 60,000 tons of meat on the hoof by 1980.
