Dear Colonel Brundage;

Enclose please find statement on the two Doberman Pinscher's purchased for you, I sincerely hope that the female will prove herself to be of the same service as the male, and I feel sure she will with the correct training and handling and she is of very good breeding and character.

It was a pleasure to be of service to you in this matter, and if in the future I can be of any assistance to you please feel free to call upon me.

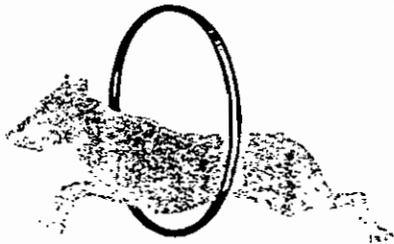

Wishing you continued success with both of the dogs.
