1. Following is a listing of the five dogs sent for retraining from the 41st IPSD:

A. Jock-X669 has had two handlers in the past 13 months. TEMPERMENT: very mild, playfull; ENDURANCE: small dog, very good; ALERTNESS: good; REMARKS: extremely neisy when left alone.

B. Satan-OX24 has a very appropriate name. TEMPERMENT: difficult to befriend, extremely sly and aggressive at times; ENDURANCE: fairly poor, getting old; ALERTNESS: good. REMARKS: be careful.

C. Teddy-34X5 would make a good pet. TEMPERMENT: very mild, too playful; ENDURANCE: very good; ALERTNESS: not so good; REMARKS: loses interest in scouting after the first decoy, has a sore on right leg, barks a little too much.

D. Concho-09M7 Class 5 student became unit clerk. TEMPERMENT: fair, plays role of coward; ENDURANCE: very good, hot weather sometimes has great effect; ALERTNESS: very good; REMARKS: WIA Dec 18th. has limpa off and on ever since, has not had a permanent handler in 4 months.

E. Duke-9X47 is getting old, has had a Grade II hip dysplasia for three years. ENDURANCE: good for his size; TEMPERMENT: bad, vicious when aggravated; ALERTNESS: good; REMARKS: past history of illnesses, currently healthy.

2. I am requesting the return of Jock-X669 and Duke-9X47.

3. Teddy-34X5 and Concho-09M7 should work out well with a little patience. Satan-OX24, in my opinion is just about over the hill.
