

Mr. Robert A. Kallar
204 Barbara Ave. Apt 9
Mt. Morris, Illinois

2 April 71

Dear Mr. Kallar::

I inquired about the awards you ask for at the Personnel Center, 101st Airborne Division, Awards Section. The NCOIC in the Awards Section gave me the following address for you to write for information about your awards:

US ARMY ADMIN CENTER
9700 Page Blvd
St Louis, Mo 63132.

I was informed that these people have your awards records and can help you obtain the awards that you seek. I am enclosing the information sheets that you sent with your letters; please forward them to the above address.

The 58th Infantry Platoon (Scout Dog) has been seeing some action lately. We have been averaging well over a 120 support days a month for the last few months with as few as 12 scout dog teams operational at any one time. Outside of that, I don't think you would notice any change in the platoon. We should get our dog kennels in a month or two. However, you may have heard the same thing when you were in the platoon too. I must close now, so let me say that if you require additional assistance, please feel free to write me.
