11. REMARKS OF PLT COMMANDER:							
<p>Casualties for this month: Scout Dog Mike, X668, was injured by a machete cut across his muzzle on 27 July 1969. The injury was not major but requires a week of convalescence. Scout Dog Gero, OK06, has been bleeding intermittently from the nose. Unit effectiveness has been somewhat hampered by a flu type virus which has been contracted by a number of the platoon members. Scout Dog Kim, X999, has been rendered temporarily combat ineffective due to an old fragmentation wound of the left hind leg. Surgery will be required necessitating approximately ten (10) days recovery time. The summer hot weather seems to have abated and an early monsoon season appears to be imminent. Cases of Heat exhaustion have declined in the last week as the cooler weather has moved in.</p>
