Mike,

Here's the document as good as I could make it. Your printout had a Heidi 18A8 dying on 10/16/68. If I had my head on straight, I would have realized I was there at the time and we did not have a Heidi when I was there. Last night, after e-mailing this document to you, I arrived home to find waiting for me in the mail, three photos from the last 58th IPSD commander, Leo Wertin. One of the shots was of dog graves and I saw a HEIDI BEAR 10/31/70. That fate matches the HEIDI in the VDHA directory and on the VDHA home page. I have footnoted the name variation.

Also, I sent you with a footnote on Herman Jr, a date of October 1969 when it should have been November 1968. What was I thinking?

Best wishes for the holidays
