

*Hi There*

*Dorothy and I want to wish you and your family a very Merry Christmas and the Happiest of New Years. We feel very lucky this year it will be the first time in years that we will have all our children and grandchildren under the same roof at the same time. We hope that all is well with you at that you are at least thinking of joining us this October 2000 in St Louis, MO. Please take care, stay healthy, or get well if need be.*

*With all our respect and love.*

*Vern & Dorothy*
