

Z-1728424 - William Rose

Z-1954240 - Edward Khai Hung Rose

Departing for the United States Saturday 17 August, request exit visas. Tax clearance statement for William Rose attached. Will depart from Tan Son Nhut airport via China Air Lines, ultimate destination New York.

Propose to return to Vietnam to resume work at Minh Tay Hospital in October or November 1974. Relevant information for re-entering Vietnam is attached herewith. Please note that on my wife's application for a Vietnamese passport it was stated that the intended length of stay overseas was to be one year; when in actual fact it will probably be 2-3 months. Is this likely to cause any problems for us when we return to Vietnam?
