I've learned that Hong Vinh has replaced Nguyen Huu Tho as editor-in-chief of Nhan Dan, and that the successor to Dang Xuan Ky at the Institute of Marxism-Leninism is up in the air as the Party discusses the Institute's future structure and placement in the system. 12/96

I also understand that the Chair of the Central Commission for Party Work Abroad is Nguyen Huu Quang and the Chair of the Central Commission for Finance and Administration is Tran Luu Vi. 1

If your files show any information on Hong Vinh, Nguyen Huu Quang and Tran Luu Vi I would be most interested in that. I've done NEXIS (including BBCSWB) searches already.
