Harry W. Hayes, 40, rue de la Prulay, 1217, Meyrin-Geneva, Switzerland, writes:
"A recent experience has encouraged me to ask your readers if there is any interest in showing solidarity between Vietnam veterans and the Free Vietnamese organizations?" Interested readers should respond directly to Harry who has also offered "to provide 'tips' to aid veterans interested in traveling, studying, or working in Europe."

Chuck Holden, 1014 Huron St., Flint, MI 48507 writes: "...you got me thinking about the Vietnam vet and what a raw deal we've been getting since we got back. The Newsletter has rekindled the fire in me to start helping my fellow Vietnam vet get help if they need it or just someone to talk to. I have been in contact with the American Legion of Indiana and I will now try to start something on the same scale here in Flint. I sure could use some help from our readers getting started."
