Subject: Re: 60's Sources and Spock

Peter Levy (and others who may be interested)-

Syracuse University Library is the repository for the Benjamin Spock Papers. We have the texts of a number of his anti-war speeches, and audiotapes of some as well. The collection is in excess of 271 linear ft. Please feel free to contact Paul Barfoot (prbarfoo@hawk.syr.edu) or me directly so that we may begin to exchange the appropriate paperwork.
