

Jim

As you can see my printer has a major problem. It is getting worse and even starting to damage the paper. It is capable of Hi-Res 19" prints but I had a very hard time getting it to do these small ones. I will get it fixed and send you these again with more acceptable quality. At 30" and 26" they look really nice. At that size they are very close up. They are only very rough drafts (layouts); so that I can see what I am doing and where I want everything. The detailing and finishing brings everything together including the final colors.

I have not quite finished the layout on the black and white but am close. I plan to keep it simple so as not to detract from your image.

I am sending you these just so you have an idea of what I am doing, so please don't look too closely as I have a very long way to go before they are complete.

The one in color will look like a picture from a movie screen by the time it is finished and the black and white is my favorite. It really brings out just how young 20 is.

A handwritten signature in blue ink, appearing to read "Tracy". The signature is fluid and cursive, with a long, sweeping underline that extends to the left.

Rough layout only
26" wide
This one will be true
black and white; may
add some soft blue tones.
Layout not yet complete

Your uniform will
be a washed-out
olive drab and I
will get a buckle
on the right side of
the helmet.

Rough layout only
Height will be 30"
Colors will be more
natural + realistic.
