

### **The Cacti Document Library**

For some time now members of the "Cacti" Association have been gathering historical documents covering our involvement in the Vietnam War. To date more than 7000 pages have been gathered. Many of you who are fortunate enough to own computers and have access to the internet may have seen some of these reports posted to the web. Those of you without that luxury have no access at all, except through high priced "research" companies. Until recently, these efforts were completed with individual "Cacti's" own funds. With the recent rise to 50 cents per page for the cost of ordering documents from the National Archives, that effort is being jeopardized. We are offering these documents to you at prices we hope you will find affordable. Our goal is to keep costs to a minimum and yet generate funds for future research work. Many of you will want to have a copy of these reports for your own personal libraries. **Special pricing is available to members of the 35<sup>th</sup> Infantry Regiment Association.** Below you will find pricing for members and for non-members. Even our non-member pricing is below that of the National Archives. For Members of the Association the pricing is better than if you could get there and make copies yourself. For ordering and pricing information please see below.

**Daily Journals:** Daily Staff Journals contain the minute by minute and hour by hour communications between the line companies and the battalion headquarters. Generally they are from 5 to 15 pages in length and occasionally contain attached sketches of location and movements of the line companies. The following are available at 15 cents per page to 35<sup>th</sup> Infantry Regiment Association Members and 50 cents per page to non-members. For page count contact Jim Anderson.
