Hi Jim,

Need a pic for him. He was A, 2/35th 3/5/68. He was an E6, 33 years old.

His hometown was listed as Bellevue, WA; but of course he had been gone from there awhile....but is buried at Washington Memorial in Seattle.

nok was listed as: Donald Frank, [REDACTED]. At least it looks like Remton from the researcher's hand-written notes.

Anywho, did not know if you had ever snooped around for him or not, thanks Jim!

Best Wishes
Dick
