PREFACE

This Memorandum contains a bibliography of unclassified books, Reports (R's), RAND Memoranda (RM's), Papers (P's), and Translations (T's) that have been issued by (or, in the case of books, published for) the Social Science Department of The RAND Corporation from its inception to March 31, 1965. It replaces RM-3600-1 issued in March 1964.

RAND publications in the social sciences are listed under authors' names arranged alphabetically. Through the numerical finding lists it is also possible to locate quickly in the author index any item whose number is known. For convenience, a consolidated list of books in the social sciences is provided.

Items that are not available in Deposit Libraries (see below) and are also out of print have not been included. Also omitted are a few items that have been superseded by publications listed in this Memorandum.

Information on how RAND publications may be obtained, together with an address list of libraries where these publications are deposited, will be found at pp. 1-2. The items on library deposit are marked with an asterisk in the index.

The sponsorship of RAND studies is indicated by letters suffixed to the publication number, according to the following code:

ARPA	Advanced Research Projects Agency, Department of Defense
ISA	Office of the Assistant Secretary of Defense (International Security Affairs)
NASA	National Aeronautics and Space Agency

PR U.S. Air Force Project RAND

RC The RAND Corporation

RAND's Economics Department also issues an annotated list of publications, RM-2800-1 (1965 Supplement), Economics Department Publications, 1960-1965: An Author Index of the Open Literature, with Abstracts, by Harriet Porch, January 1966.

Publication prices are listed in the Serial List and Source Guide section of *Selected RAND Abstracts*, a quarterly journal available in most major libraries (see below). Prices may also be obtained by writing to RAND at the preceding address.

A number of other sources supply RAND publications to the public and to agencies of government. They include:

1. **RAND DEPOSIT COLLECTIONS.** The RAND Corporation maintains a system of deposit collections of unclassified RAND publications in 42 public and university libraries across the country (see list on reverse of this sheet). The Corporation has also donated deposits to libraries in 7 foreign countries. RAND publications in deposit libraries are available to library patrons on the same basis as are other holdings and are subject to the same rules and regulations. They can be obtained by patrons of other libraries through the Interlibrary Loan Service. Deposit libraries are authorized to reproduce RAND materials for a requester at a nominal cost.

For reference purposes, indexes to RAND publications have been placed in all deposit collections and in many academic and public libraries.

2. **CLEARINGHOUSE FOR FEDERAL SCIENTIFIC AND TECHNICAL INFORMATION.** The Clearinghouse for Federal Scientific and Technical Information (formerly Office of Technical Services) of the Department of Commerce is a government agency that reproduces and distributes research reports published by other government agencies and private organizations. RAND publications can be obtained from the Clearinghouse at a cost covering reproduction and handling. Price schedules and accession numbers are listed in the Clearinghouse index *U.S. Government Research Reports*. Prepayment is required. Requests for publications should state the report number, AD or other accession number (see below), title, and author and should be addressed to

Clearinghouse for Federal Scientific and Technical Information
U.S. Department of Commerce
Springfield, Virginia 22151

3. **DEFENSE DOCUMENTATION CENTER.** The Defense Documentation Center (DDC) will send without charge single copies of RAND publications prepared under Department of Defense contracts to government agencies and to nongovernment organizations having Department of Defense contracts and an approved Field-of-Interest Register (FOIR) on file at DDC. The DDC *Technical Abstract Bulletin* lists DDC document (AD or ATI) numbers for individual publications. Requests should be made on DDC Form 1. Complete instructions and the forms necessary for establishing service and for requesting documents are contained in an information packet entitled "DDC Service Information and Forms," which is available from

Defense Documentation Center
Cameron Station
Alexandria, Virginia 22314

4. **NASA SCIENTIFIC AND TECHNICAL INFORMATION FACILITY.** This facility will, upon request and without charge, provide NASA offices and contractors, government agencies, and university and public libraries with copies of NASA-sponsored publications, including unclassified RAND studies with the report-number suffix "-NASA." Requests for a NASA publication should state the requester's NASA contract number (where pertinent), the NASA accession (N) number, title, and author, and should be addressed to

National Aeronautics and Space Administration
Office of Scientific and Technical Information
Attention: Code AFSS-A
Washington, D.C. 20546

For further information, including a list of NASA public-library collections, see the NASA publication *Scientific and Technical Aerospace Reports*.

5. **BOOKS AND JOURNALS.** Some RAND studies are later published as commercial books or as articles in professional journals. Books published commercially may be purchased from a bookseller or from the publisher.
