-2-

c. Optimum techniques to achieve security and commitment.

- 1) Role of PAT's.
- 2) Roles of ARVN, RF, PF, police and US forces
- 3) Follow-on cadre teams directed at hamlet needs and wants (e.g. politico-psychological, medic, teacher, agricultural specialist). Such needs and wants to be identified according to Vietnamese rather than American tests.
- 4) Establishment or rehabilitation of hamlet and village administration, including defense element and beginnings of self-government, responsive to inhabitants' needs: "revolutionary villages".
- 5) Integration of hamlet and village into larger context (district, province) primarily for political and defense purposes. Civil and military chains of command.

4. Status and Evaluation of Vietnamese organization for Rural Construction - 1630-1630 (Ambassador Porter and other Mission representatives, followed by discussion.)

- a. GVN reorganization of Rural Construction machinery.
- b. Cadre rationalization, organization and training.
- c. Role and authority of province chief and his military and administrative relation to the central government.
