

PERSONAL

MEMORANDUM

30 October 1968

TO: Bill Connell  
FROM: Rufus Phillips   
SUBJECT: Status Report - Viet-Nam

---

1. This is mainly to inform you that most of my effort in recent weeks has been concentrated on working with a small planning group to produce a paper by 15 November on what the next President ought to do about Viet-Nam. I figured this was about the most useful thing I could do.
2. Otherwise, about all I can do to help at this point, is pray and contribute money. I think you may get the bombing halt - and I hope it won't be too late to help.
3. All the best.
