Other data: Do you have any good pictures (especially of RH members), any journals, notes, diaries, letters, briefing notes, maps, etc., that I could copy? If so, DO NOT SEND THEM with this form. Repeat...DO NOT SEND THEM!!!! Describe the items on a separate piece of paper, with your name and form number on it. I will write and give you instructions on when to send them, or how to get them copied, at a later date. All materials will be protected and returned to you!!! Thank you for your help and time.

Please return this form and the narrative sheets in the enclosed envelope to Texas A&M.

7. None
8. Bronze Star, DFC for leading the Song Bee road missions twice.
9. At Bien Hoa during TET offensive.
10. No
11. No
12. No
13. Yes, the planning started with a visit to the province with the MACV Chemical Warfare officers. Target areas were approved by the Province Chief then specific targets were planned in detail and given a priority. Tactics were coordinated with the FACs and Fighters the day before the mission. Missions were "by the numbers" with no "opportunity" targets.
14. I was assigned at the end of a missile tour and no, I had no experience qualifying me for the assignment.
15. I knew the chemical ~~XXXXXX~~ "orange" from my association with brush eradication in West Texas. I was told nothing really.
16. The happiest moment was when Lt. Col. Charles Avery (Ops Off) rotated.
17. The funniest thing was the appearance of a stateside joker to check out this defoliation thing for himself. The expression on their faces at the end of a run on target was priceless.
19. We had a good "Hooch" <sup>tel</sup> under a rocket completely destroyed it. After that it was it was hard to mouth and not pleasant.
20. The "Old Pros" did a beautiful job with a mission of dubious value in a lost cause. Characters were tested.
