On the sheets, indicate the number of the question you are answering, and put your last name and the form number in the upper right-hand corner of each sheet.

7. Special missions/operations participated in? (name, when, where, what, who else)

20. We know that the Ranch was unique. What should I tell the reader that will help him understand why this was a special outfit of special people? What or who should I not talk about?

Other data: Do you have any good pictures (especially of RH members), any journals, notes, diaries, letters, briefing notes, maps, etc., that I could copy? If so, DO NOT SEND THEM with this form. Repeat... DO NOT SEND THEM!!!! Describe the items on a separate piece of paper, with your name and form number on it. I will write and give you instructions on when to send them, or how to get them copied, at a later date. All materials will be protected and returned to you!!! Thank you for your help and time.

Please return this form and the narrative sheets in the enclosed envelope to Texas A&M.

③ **DFC** - A/c M.L. Shuppert distinguished himself by
heroism while participating in aerial flight as a
UH 123 flight Eng. & Spray Operator over the Republic
of Vietnam on May 25, 1965. On that date, after his
~~ship~~ ship had sustained battle damage while
drawing ground fire from a critically damaged
sister ship, Airman Shuppert activated the Manual
dumping system thereby relieving the damaged
plane of its heavy load of herbicid spray enabling
the aircraft to recover safely at an emergency
field. The outstanding heroism and selfless devotion
to duty displayed by Airman Shuppert reflected
great credit upon himself and the USAF. (SO 6528)

Gallantry Cross w/ Bronze Star - As an outstanding
and courageous Aircraft Engineer, A/c Michael L
Shuppert participated in many 202 Operations. He

exhibited brilliance during an operation to destroy Viet Cong crops and Secret Bases in Kontum Sector, from 15 July 1965 to 30 Aug. 65. 1,500 hectares of Viet Cong crops and many troop structures and antiaircraft weapons emplacements were destroyed. In addition, heavy casualties and weapons losses were inflicted upon the enemy.

A/c Michael F Shippert calmly repaired the aircraft hit by the Viet Cong's heavy anti-aircraft fire. Thanks to this, the flight crew returned to base without casualties after the mission was completed.

Inflight Emergency and we acted as One,
not to say other outfits didn't do the
same but it was different in the fact that
we were low & slow and there was just no

to get their hands on us and everyone in

very Envious of "Ranch Hand". Probably
the Most Outstanding Unit in the A.F.

Talk about all of it.
