

Prayer

Over the last twenty or more years it has become our custom to remember our comrades who wore the purple scarf and made the supreme sacrifice in Vietnam by calling their names, engraved here on this monument.

However, I remind you that all who served in that far-off land were in hazard of making that sacrifice some of us were just luckier than others.

The combat herbicide spray operation in Southeast Asia was a unique mission and only a finite number of men had the honor of serving in the organization. Each year the roll call of the RANCH grows shorter.

When I finish reading this list, please join me in a minute of silence in honor of all our friends and comrades who are no longer with us. Although their names are not engraved here, this monument represents the sacred memory of all deceased who served as RANCH HANDS.

Staff Sergeant Milo B. Goghill

Captain Fergus C. Groves II

Captain Robert D. Larson

Captain Roy R. Kubley

Major Lloyd F. Walker

Captain Harvey Mulhouser

Captain Howard L. Barden

Airman 1st Class Ronald K. Miyazaki

Captain Thomas E. Davie

Lieutenant Colonel Evertt E. Foster

Major Allan J. Sterns

Major Donald T. Stienbrunner

First Lieutenant Richard W. O'Keefe

Lieutenant Colonel Daniel H. Tate

**Hurlburt Field
Memorial and
Dedication Ceremony
11 October 1981**

MEMORIAL AIR PARK
Hurlburt Field, Florida
11 October 1981

This memorial ceremony recognizes the many Air Commandos who made the supreme sacrifice in the defense of freedom, the 20th anniversary of the Air Commandos coming to Hurlburt, and the dedication of a C-123 "Provider" and UH-1 "Huey" to all who maintained and flew these aircraft to preserve the values we hold so dear.

Program

1100	Welcome Remarks at UH-1 Helicopter	Col T. W. A Stuart 1 SOW Commander
1104	Dedication Prayer	Chaplain Malcolm E. Smith Installation Chaplain
1106	Placement of Wreath	Lt Col Wayne D. Corder 20 SOS MSgt Fred O. Cook 20 SOS
1107- 1114	UH-1 Reflections and Unveiling of Plaque	Col John R. Roberts 1 SOW Deputy Commander for Maintenance
1118	Introductory Remarks at C-123 Aircraft	Col Eugene W. Steele 834 CSO Commander
1122	Dedication Prayer	Chaplain Wayne H. Zirzow 46 AERODW Petersen Fld, CO
1124	Placement of Wreath	CMS William G. Knight 834 EMS SSgt James W. Bush 834 EMS

1125- 1132	C-123 Reflections and Unveiling of Plaque	Col Ralph C. Dresser AFSC, Wright-Patterson AFB, OH
1136	Introductory Remarks at "Spectre" Memorial	Col Hugh L. Cox, III 1 SOW Vice Commander
1140	Memorial Prayer	Chaplain Wayne H. Zirzow 46 AERODW Petersen Fld, OH
1142	Placement of Wreath	Sgt Bobby L. Daniel 16 SOS MSgt Richard E. Walker 16 SOS
1143- 1150	"Spectre" Reflections and Unveiling of Plaque	Lt Col John A. Gallagher 16 SOS Commander
1151	Introductory Remarks at Air Commando Memorial	Col Melvin H. Bryant USAF (Ret.) President, ACA
1156	Memorial Prayer	Reverend James K. Bluett St. Peter's Church
1158	Placement of Wreath	Col Melvin H. Bryant Maj Gen John R. Allison USAF (Ret.)
1159- 1200	Colors Positioned to Half-Staff; Taps	834 CSG Security Police Mr. Carl H. Rathke Ft. Walton Beach, FL

Our special thanks to members of the 1 SOW, the Air Commando Association, the Spectre Association, the Ranch Hand Association, the Green Hornets, and many others who dedicated their time and unique skills in the preparations for this ceremony.

Commando Creed

As my brother Commandos before me,
I am proud to step into history
as a member of the
1st Special Operations Wing.

I will walk with pride with my
head held high, my heart and
attitude will show my allegiance to
God, Country and Commandos.

When unable to walk another step,
I will walk another mile.

With freedom my goal,
I will step into destiny with
pride and the
1st Special Operations Wing.

HONORS

FROM

WALLACE S. KNIGHT
1447 BEECH TREE DR
GREEN BAY, WIS.
54303

Lt Col Winthrop W. Wildman
Aircraft Commander

Maj Jack G. Womack
Instructor Pilot

Lt Col Lawrence L. Waitt
Navigator

SSgt Richard L. Gage
Flight Engineer

12th Special Operations Squadron, APO San Francisco 96227

On 13 December 1968, Lt Col Wildman and crew flew lead in a formation of UC-123s on a low level defoliation mission against a target approximately 15 miles north of Bien Hoa AB, RVN. The spray run and level turn were normal. As roll out from the turn was initiated and before climbout was started, Lt Col Wildman's aircraft received intense automatic ground fire. He told the formation to advance power on the jet engines to 100 per cent and begin climbout. When his airplane suddenly began a roll to the left, Lt Col Wildman alerted the crew for a possible crash landing and applied full right aileron. At 1200 feet the climb was discontinued and Maj Womack idled the right jet engine, leaving the left jet at 100 per cent. With asymmetrical thrust and full control deflections the wings were brought to a level attitude. SSgt Gage dropped his body armor and left the protection of his armored box to assist in the emergency. He advised the pilots that the left aileron was in a 45 degree up position, the control cables to the left aileron were loose, and the aircraft had taken many hits from ground fire.

To keep the airplane in a wings level attitude required full right aileron trim, almost full right aileron control, a large amount of left rudder control and differential power. However, both pilots felt there was sufficient control to attempt a landing. Lt Col Waitt gave the pilots a heading to Bien Hoa AB. A straight-in approach with a no-flap landing and negative reverse was decided upon. The crew was directed to prepare for a possible crash landing and SSgt Gage was standing by to manually lower the landing gear if necessary. An above average airspeed — just below the maximum gear down speed — was used on the approach and landing to insure adequate airspeed for lateral control. Directional control was maintained primarily by rudder and power, as full right aileron was necessary to hold the wings level.

Immediately after touchdown the main system hydraulic pressure dropped to zero and the aircraft began a veer to the left. Normal brakes and nose wheel steering both failed. Lt Col Wildman applied the emergency air brakes and Maj Womack reversed number two propeller to stop the aircraft on the left side of the runway.

Postflight inspection revealed a total of 18 .30 calibre hits. The left aileron control cable and the nose wheel steering hydraulic line were severed. The left main tire had been hit, which resulted in it going flat on the landing roll causing the aircraft to veer to the left.

Due to the quick action and sound thinking of both pilots and the other two crewmembers, a major aircraft accident was averted. WELL DONE! ★
