Dear Jim:

At the Southwestern Social Science Meeting in Houston on April 12-15, 1978, the history section will once again hold Phi Alpha Theta sessions for graduate students. Program Chairman Jim Breeden (Southern Methodist University) has assured me that he will make every effort to find space for ten sessions if I can put them together by November 1. If you have someone (either graduate or undergraduate) who would like to participate, I am asking you to supply: (1) the name of the history student and (2) the title of the paper. Because of the time factor I would appreciate--and must have--an immediate response.

Sincerely,

Ben Procter
Professor of History

Ben:

Glad you asked. I have a particularly good one for you--well researched, well written, and well delivered. What, however, if he completes his M.A. requirements before April? Is that all right? He will have done the work as a graduate student.

(1) Paul F. Cecil

(2) Some aspects of the study of military law for the practicing historian.

Hope to hear from you soon.

Dear Mr. Cecil:

I just received notice from Professor Ben Proctor that you are to participate on a panel which I am to chair at the Southwestern Social Science Association meeting in Houston in April, 1978.

In order that I might know more about you for my introductory remarks, would you please send me a copy of your current vita? I would appreciate it.

Let me say that I look forward both to meeting you and to reading your paper.

Very truly yours,
