Dear Fellow Ranch Hand Veteran:

I am writing the unit history of the Ranch, one of the unique outfits in military history. Through the assistance of the Office of Air Force History and the Air Force Archives, I have looked at most of the "official" paperwork. Now I need your help. Both as a professional historian and one who is proud to have been a Ranch member, I want to be certain that this history accurately reflects the contributions of all its members. After all, it is the people who are the real stories in a successful organization.

I know that it has been a long time, but if you will pull out those pictures and letters you will be surprised at how much comes back to you. If you will only take just a little time from your busy day to fill out the enclosed questionnaire, you can insure that our story is complete. Please note that this information will ONLY be used for scholarly purposes. The data will not be released for other uses and it will be restricted in both handling and use exactly as you specify. To the extent that you permit, the information/materials you furnish will be permanently deposited in the archives at Texas A&M University, a school whose military associations date back to 1876. Of course, any pictures, diaries, letters, etc., that you furnish will be duplicated and the original will be returned to you. Some of you will also be asked to provide taped discussions of your experiences. These tapes, with your permission, will become a part of the oral history archives. I will, of course, furnish the tapes for this purpose.

I realize how much I am asking to impose on your time and privacy, but it is very important that we preserve the true story of our time for future generations. I will deeply appreciate any help you can give me. I hope to get the opportunity to thank you in person at the next Ranch Hand reunion.

Thank you,

Paul F. Cecil
