

DEPARTMENT OF THE AIR FORCE
AIR FORCE RESEARCH LABORATORY

12 May 2004

Gentlemen!

Just a quick hello from the Air Force Health Study Team. Data analysis of the 2002/2003 Physical Examination continues and is on target. The Air Force Health Study Report writing summarizing the physical examination findings is well underway. The Ranch Hand Advisory Committee members will review each report chapter and provide their comments to us. In 2005 the Report will be finalized. Once this is accomplished we will notify you and you can read on our website.

Knowing this is the time of year when many household moves occur, we want to make sure our address database stays current. If your address has changed or will change in the next 6 months, please call us on our toll free line 1-800-531-7231.

Have a great summer!

Julie Robinson, Lt Col, USAF, BSC
Chief, Air Force Health Study
