Dear Sir,

I am a retired MSgt, USAF and Southeast Asia (Vietnam war) veteran.

I would like to ask your permission to reference certain paragraphs and pages of both your doctoral thesis, and the later book published by Praeger Publishing in 1984. I have incorporated a number of references to Ranch Hand sorties flown from outside Vietnam in a paper.

It also incorporates a number of references from Mr. Buckingham's Ranch Hand History concerning Rules of Engagement.

If you would like to see it beforehand it will be available on <http://tmai18.spaces.live.com> under the Sixth Triennial Vietnam Symposium folder.

I thank you for your time and consideration.

Respectfully,

Kurt Priessman, MSgt, USAF (Ret)
