- d. CROP - 20,485 acres
- e. DEPOLLATION - 110,125 acres

4. (S-NOFORN) All derollation flights were accomplished to improve visibility over enemy infiltration routes and bypasses. These flights were conducted only in areas approved by the American Embassy, Vientiane. Each approved target area normally required repeated scheduled flights for completion.

5. (S-NOFORN) All anti-crop flights were accomplished to deny food being cultivated by the enemy to sustain his infiltrating troops. All crop targets were approved by the American Embassy, Vientiane, and required repeated scheduled flights for completion.
