My dear sister,

This is my second letter to you after you leave me and my family from Thailand. I don't know if you and your family are living in the United States or not. Because my brother sent the letter to me that you are not yet in U.S.

How are you ? What about Gary ? Is he come back to Malaysia or not yet. Everything quiet and still the same? On contrary, for me here, it seem extremely different. My father-in-law is not yet moved from Mairut Camp to join with me . His processing make long, I don't know why. My brother, Sophan, he was operated because of his appendicitis. The operation took place at Panat Nikhom district 20 mile from the camp. End of May my daughter had reached the disease because of convulsion provided by the high fever (104o F.) The disease trained for three weeks. We were very worried about it . Now it seem better in spite of her fever at night some time.

However, my pregnancy become bigger and bigger. I am now 8 months and three weeks, so I will deliver the child at the end of this month. It seem very hard to me, espacially in the refugee situation where it seem lonely for for me. I am separating far away from my parent I don't know if I can meet my family in the United States or not.

My dear sister, I need your help again . I don't want to disturb you, but I can no way find the solution except to ask you the assistance.

Whenever you send to me, please use the address as following: To Father Robert Venet, 254 Silom Road, Bangkok 5, Thailand. For Mr. Francis Sam Sotha, Panat Nikhom.

I will thank you very much to keep always your cold heard towards our family I will never forget your kind assistance and it would be grateful to you and I will remain your thankfully.

Let me pray to Lord our God for you and your family for your health and happiness. Please transfer my thinking to Gary , my littles Kim and Killy, and tell that we could not join together as we had promised.

YOURS ALWAYS

YOUR SISTER TERESA
