Dear Joe Montella

I just receive your letter one day and your telegram to day, what can I express my happiness to you when I already read it.

To day I must write again my second letter to you to show my situation in KHAC IDANG camp and the situation in Kamuchea. Do you know, in Cambodia know in the Vietnamese control was very dramatic. The intellectuals run away from their own country to join the third country.

For me in 1977, August I decided to leave Cambodia and joined with a movement of Khmer Serei along the border. And I resist my parent's wife opinion. They would like I leave from border to US.

But, if you are in my place, what do you do? Very difficult, because the poor Khmer refugees in the camp (Mark moon) need me the help. So I must reside in this camp still the successive destruction. Khmer attack again Khmer, this is the big trouble in my mind. From month to month the workers in the camp seemed changed their mind to get money don't to help people refugee. And I, I resist my mind to stand again, alone, I worked running to cooperate with the organization humanity to distribute aid and sanitation camp with GARY.

In that time I seen in camp only three people who work I, GARY and VAN SAREN (President of camp). Little by little in one month with GARY we can reorganize the camp good.

But dramatically, another group of Khmer Serei came strongly attack the VAN SAREN movement. And VAN SAREN was disappeared from that time. I my wife and my daughter had only one year was detained by their authority in one weeks. After that Thai soldiers released me to the old camp (204) which controlled by the new group. During my new residence at 204 from April 25th 1980 still the offensive of Vietnamese forces I escaped in the wing of people.
