Now that the elections are over we know of at least one gentleman who would probably give all he has for "baloney" as he no doubt is presently feasting on a baked ham diet.

As promised last week, the "surprise" announcement concerning a local couple came last Friday night, Valentine Day, Kathryn Ida Cumiskey, Alpha Chi Omega, announcing her engagement to Don Elting, Theta Xi, at the Shawnee Country Club, near Chicago. According to those who were present, the couple plan to be married sometime next fall after Don graduates.

Harry Siebold, Sigma Pi, announced his marriage to "Dodo" Laz at the Sigma Pi dance Saturday night. They have been married for six months. Another announcement which came at the same dance found Chet Martin, Sigma Pi, telling the brothers of his engagement to Marilyn Brownlee, freshman independent.

The biggest surprise of the election was the defeat of previously unbeaten '42, Junior Party which apparently went into the campaign forgetting that the opposition was even alive. The organizer of the winning Union Party bolted '42 just four days before the election, founded his own group, and came up with a plumb Friday nite.

Johnny Varble, Sigma Chi who left school at the end of the semester, is working at a clothing store in Bloomington during the morning hours, has a radio sports program in the afternoon, and travels to Springfield every evening to attend law classes at Lincoln Law School. The first official act of newly-elected president of the senior class, Walt Krawulski, was to smoke a big, black cigar and dedicate it to Joe Steinberg, TEP wrong-sider, who roasted Walt in the battle of syllables last week. Daniels Press has some swell stationery for only one buck...stop in and talk with Wayne and Al about it. Jean Torian, Montana rough-rider, is back in school again this semester with an interesting story to tell about some doings down Indiana way. Ruth Meyer out with Dean Wessel. Wiege McMien, Gamma Phi Beta, has taken Louie Friend's SAE pin; it has been a long romance.

The new Union Building sold a bunch of "cokes" during the first week--26,628! Jimmie Barker has swell food and a real party palace. Dick Hawthorne, new Alpha Delt pledge, had a blind date with La Verne Eggleston, AOPI. Our sincere sympathy to Joan Sellers upon the passing of her mother. Gene Cox, Delta Phi, has given Pat Martin, ADPI, a sweetheart pin. Bunny is the man with ten cent bottle beer. Jane White and Joan Walker, Alpha Chis, were in the Twin Cities for the week-end. Bill Moody is playing the field. Sally Jean Turner, Nancy Harshman, and Kay Purnell. Waldo Jenkins and Molly Ramm celebrate a year together today.

One of the most appreciated valentines of all was the reigning of the bear license at Cal Shull's Midway. A Sunday report from the smokey city of St. Louis reveals that Tom McConnell, Kappa Sig grad announced his engagement to a lass from the same metropolis and he has definitely forgotten his ex-love, Miss Connie Williams.

* * *

This week we will find Charlie Caudle, master of ceremonies delux on the Overgard radio program, interviewing one of the lesser known people on the campus when he quizzes your very best friend, a campus policeman. Bob Blum, Theta Delta Chi pianist will tickle the keys with a few of his original numbers. The Lamp-lighters again return and the Delta Gams take over the sorority spotlight. Don't forget the time -- Thursday evening at seven o'clock. Listen in for one-half hour of real enjoyment.

* * *

Chuck Powers, ATO smoothie was rather happy the other day and chuckled to himself when he thought about the two phone calls he made to the Kappa house and used the same line with both girls -- "Nippy" Knippenberg and Page Fox. Phyllis Murphy enjoyed Valentine's Day with a pair of dates - Al Marwick, DU - and then Jim Griffin, ATO. Warren Kloock hung his Kappa Sig pin on Joan Baker for the lengthy time of five minutes. Then, he takes the badge off and sends her home on the bus. The Chi Omegas were quite perplexed Saturday night when a "well-tanked" individual took the liberty of riding a bicycle through their nicely furnished sorority house. Donald Dick, Delt was back in town for the week-end to see his love, Margaret Smashsey, Tri Delt. Still unclaimed is the ladies purse found at Bunny's in Urbana. La Deane Martin, ADPI, does not agree with the adage, "variety is the spice of life," now going steady with Frank Latka, Indee... see the new shoes at the Varsity Boot Shop.

MAN of the Week

There can't be any question to the title, MAN of the WEEK, for this number, Loren W. Felt, Phi Gamma Delta, having exceeded all previous records for student publicity by garnering two consecutive headlines in the college daily last week.

"Lorry," as his friends prefer to call him, came to Illinois five years ago, owning \$150 which he immediately had to spend on an operation after being suddenly stricken with appendicitis, causing him to drop out of school.

LOREN W. FELT

He returned the next year, living in a trailer where he studied and managed a 4.5 average and Phi Eta Sigma his initial semester. Since his first semester Felt has been initiated into his fraternity, is a member of Gymkana, is in the Y.M.C.A. cabinet, was Barn Dance Chairman, Intra-Mural Festival Chairman, a member of the Student Senate, President of Men's League, President of the Illinois Union, and a member of the Illini Board of Control (he resigned the last four offices on Thursday of the past week in the midst of a political upheaval).

Felt is twenty-four years young, having worked for three years after high school graduation. Here at Illinois he has worked most of his way through the university, representing a sport shop on the campus and working in the Phi Gamma Delta kitchen. He will attend law school upon the acquisition of his degree this spring and hopes to practice in future years.

Felt comes from Bellwood, Illinois and has worked for five summers as a lifeguard. Last summer, however, he attended classes at the University of California with four fraternity brothers, making this possible for himself with the money he saved. Plus all of his activities, Felt has managed to get numerals in polo and swimming, had a 5.0 one semester, has been keeping steady company with Roberta Wilson, a Chi Omega, for more than a year, and has been a competitor in various inter-mural contests for his fraternity

WOMAN of the Week

Betty Stiglitz, activity leader and member of the Alpha Epsilon Phi sorority, is our WOMAN of the WEEK. Betty came to this campus from the University of Michigan where she spent her first year. In the two subsequent years here, she has really made a name for herself.

Betty's record from Central High School in Detroit, leaves one with no doubts about her abilities. She was president of the Girls Athletic Association and vice president of the Student Council. Also, she received the Guy L. Miller award for the most "all-around" girl and the D.A.R. award for character excellence. She was also vice president of her graduated class and was cited for scholarship.

Along with her activities, Betty is an outstanding exponent of the sporting world, being especially fond of tennis (she captained her high school team) and was the runner-up in her district in Detroit. She likes

swimming, too, and is a junior lifesaver.

Betty came to Illinois with the idea of remaining for one year only, however, after she got acquainted, she vowed not to leave until getting a diploma. Betty is in the School of Speech, maintaining a 4.48 average thus far. Theatre Guild is one of her interests and she is also a member of Zeta Phi Eta which is a speech honorary. Last year was a manager in Gymkana and did invaluable work in Silver Feathers, being now chairman of this organization-----she founded the name of the group, it being formerly known as Tomcora.

Betty is a member of the board which represents the magazine "Mademoiselle" on all college campus' and this winter was on the committee for the President's Ball.

After graduation Betty hopes to design clothes as they are her major interest. She likes to bowl, play tennis, and dance, and believes that activities are for everybody to engage in, having enjoyed every minute she has spent with them as it has made her life here "real."

The loss at Madison Saturday night to Wisconsin was the first time that Coach Foster of the Badgers has ever conquered an Illinois basketball team. Chuck Dadant, manager of the Illinois team, told us that the Wisconsin crowd was really terrible, even worse than at Purdue.

Iowa plays here tonight in the first home game of the new semester. We'll take Illinois to win in a close one. Saturday nite the squad travels to Ann Arbor for a match with Michigan and this one we say will go to the Wolverines.

The exit of Henry Sachs from the cage squad closed a colorful career for the Beta Kappa popularity kid. Henry will take his second special exam in one month, a ruling of the department which will give him the exam having this rule in effect.

Notre Dame made a very wise choice in securing Frank Leahy as head coach for he has proven his ability at a school which only knew mediocre success prior to his arrival. In taking his assistants with him, Leahy sets somewhat of a precedence as two are Fordham graduates while the third is a product of Texas Tech.

The Relay Carnival was a real success with the Armory being more decorated than in previous years and all of the events on schedule. Notre Dame had a strong relay team, although they did not win. All four of the boys are sophomores which means that they will tough in the near future.

At a late hour we get the report from Pi Beta Phi of the blitzkrieg pin grabbing, featuring six more artists which brings the figure up to ten for the weekend, all in a space of 24 hours and undoubtedly an all-time record...Gwen Peterson took Chuck Spencer's Phi Psi pin, Juanita Zimmerman accepted Lou Grigsby's Phi Delt clasp, and Jean Lovejoy, Marge Enochs, Jane Tawney, and "Jo" Harry all hold Phi Delt pins from

Indiana, having a weekend party with some boys who were here for the relays and winding up with their pins...we might mention that Paul Bretherick, Phi Kappa Sigma, handed Pi Phi Jean Olander his crested fraternity ring and has pronounced it as steady company.....Shirley Hopp, Tri-Delt, received a necklace and bracelet from Paul Dean's dad (he is her beau) while nothing came from the younger blood.....Tom Riggs, Sigma Chi, was in for the relay carnival as he is preparing to move his wife and baby to Chicago this week...he is on the job in Chicago and says it is swell.....George Bernhardt, Delt footballer, has had an offer from the Detroit Lions...he is dating Gracie Andreason, Alpha Gamma Delta, these days.....Ye Tavern Beer, the Twin City best seller...don't forget to try it.....Mary Miller, Theta, is in possession of a diamond from Mel Caldwell, Phi Psi.....Art Johnson, Delta Chi, has been giving Ella C. Morris, Pi Phi, such a rush that Gilt Twist, Phi Psi, is coming to town to put the fire out.....Art Nilsson, Indee, visited with Janice Buslee, Alpha Delta Pi, over the weekend.....Mrs. Fred Healy acted as the housemother at the Theta house Friday night...she is an alum and mother of Doris and Franny.....Don Dick, Delt, was over for the weekend long enough to see Margaret Smaahy, Tri-Delt, and tell about his \$50 per week job down in Indiana at a munitions dump.....Ronnie O'Neil, Chi O, is going steady with Dixie Howell.....Bidwell's candies for pin-hangers.

Archie Harris of Indiana won the all-around title at the Illinois Relays Saturday afternoon. Lave Rankin of Purdue gave Archie a run for the top-notch position, but just couldn't equal the performance of our dusky champion.

YE TAVERN BEER is a champion, too. Others may try to equal, but they always fall short in the attempt. Try a bottle of YE TAVERN BEER today!
