MAN of the Week

by
Les E. Frailey, Jr.

This week we find our MAN of the WEEK living in the Chi Phi fraternity on Chalmers Street. He is Paul Milosevich who entered the University after graduating from Zeigler High School located in the southern section of the state of Illinois.

From his fraternity brothers we learn that Paul has acquired the nick names of "Milo" and the "Mad Russian" -- the boys giving preference to the latter. They say that he has many feminine admirers but Paul simply won't give them a break.

In his high school days this lad participated in the three major sports offered and he finished up by winning two letters in track, three in basketball and three in baseball. His outstanding ability caught the watchful eye

of Mr. Wilson, U. of I. Athletic Director, and Coach Doug Mills. These two Illini boosters can be given the credit for the "Mad Russian" enrolling in our institution. Since his registering, the football gridiron and the baseball diamond have been his major tramping grounds. On the football field Paul won his "I" while playing an end position, although he filled in with the ball toters whenever Zuppke called upon him. And turning to the baseball field, he has managed to play almost every position on the team. Recently he has proven himself a worthy contestant for covering the area around first base, and too, he is one of the team's leading sluggers. However, next year we will not be able to watch this talented muscle man perform -- Mr. Roosevelt has already signed him up to play on the draft-tee team beginning this coming June.

On the wall in his room rests the red plague of Schem, of which he is a proud member. The Tribe of Illini also possesses the name of Milosevich on their roll call, as well as, the organization called Tomahawk, freshman honorary. Three younger brothers will probably attend school here in the years to come.

WOMAN of the Week

by
Frank T. Page, Jr.

This week we bring to you a young lady who has garnered more laurels in less time than perhaps any other in the past several years ----- Charlotte Lyle Schwabe, Kappa Kappa Gamma and a town girl ----- our WOMAN of the WEEK.

Unfolding the pages of Lyle's collegiate career, we find that at the tender age of twenty years she has accomplished what few people do in four, having completed her four year course in the L. A. S. school in two and one half through the aid of summer school sessions and proficiency examinations. She has deferred her degree until June, however, so that she might enjoy the graduation exercises with all of her friends. Thus, this semester she is working on two units for her masters degree which she hopes to obtain someday in the future, planning to attend summer school this vacation and then start teaching in the schools this coming fall.

Miss Schwabe has made her biggest mark in the Illini Theatre Guild where she was both Junior and Senior Business Manager plus being a star performer in more than a score of shows including "Shining Hour," "Family Portrait," "Murder in the Cathedral," "Prologue to Glory," "Outward Bound," "Two On An Island," and in the coming Mother's Day show, "Holiday," she will play the role of Julia Seton.

On the roles of honoraries Miss Schwabe has her name inscribed on the Shorter Board plaque, Arepo, Alpha Lambda Delta, Mask and Bauble, Zeta Phi Eta which is a woman's professional speech fraternity, is secretary-treasurer of the National Collegiate Players, and will be in the May Queen Court of Honor next Saturday.

Lyle came from California just six years ago, living now in Champaign as her mother is a teacher at the Homer Community High School, not far distant.

End of the month cleanup: Les "Doc" Moate, Pi Kappa Phi and Business Manager of the Daily Illini, left late Saturday night for Camden, New Jersey where he will talk over a job with the Radio Corporation of America...if it materializes he will be selling radio time come this July. ..they are only taking 3 colleges boys this year .. Saw Bob Linehan, DKE, out with Emmy Lou Marlin, Indee, the other eve...Miss Jean Murray still chaperones his pin at the Theta kitchens .. Plenty of original entertainment and color at the 608 Club .. Nancy Shaver, Theta, still continues her sweater-sock institute with more duds for Matt Busey, Phi Delt, despite his bitterness toward her...Nancy has a foreign policy all her own--"Bundles for Busey" .. Wilford Kramer, Delt and columnist, had the notion of joining the air corps blown out of his system last Friday when Chet Sikking took him for a sky ride, his first, and performed a few loops which had wee Willie on the ropes .. Marge Hickey, Delta Gamma, says that Dick Fager, Sigma Chi suitor of Marge Chaney, is simply "beautiful"...Hickey is now going steady "on weekends" with Bud Hair, Phi Delt .. Abe Martin, Sigma Chi, has been told that he will probably be up for the draft in July which has altered his plans to work for Owens-Illinois Glass at Toledo as well as wedding bells .. Be sure to discuss rushing with Al Daniels and Wayne Schlentz at their fine offices at Green and Sixth Streets .. The Beta Kappas had their initial beer party at the house in some five years last Friday night with the boys being poured into bed .. George Kasserman, Kappa Sigma housemanager, slipped a diamond on his best gal, Ann Connor, at Newton over the Easter holiday .. Bill Swisher, Bill Moody, and Colin Handlon plan to go to Quantico, Virginia for the Marine service after school is over...all have passed the physical .. Harry Beaumont, SAE tycoon, was surprised with a canary yellow auto early Friday evening, a graduation present from the folks...June 9th is diploma day, remember?...Harry will have something a bit nicer than the average soldier for his ride to army camp in July .. George Miller, Alpha Delt, and Lowell Snorf, Phi Delt, drove down for the weekend with some cutie .. When thinking of cuties go down and purchase one of Norman-Anderson's knockout diamonds .. Just three more issues of Illinois-Life ..

The unexpected loss to Purdue here Saturday virtually eliminated Illinois from championship aspirations in the Big Ten baseball race for the current season, already having lost two games. Blanken was in rare form in the second game after the Illini had whipped them easily just the day previous.

Bert Bertine, former Courier Sports Editor, is now at Chanute Field after a round of potatoe peeling at Camp Grant which did not find him too happy along with Ed English, the gent who constructed the Union Building and the Memorial Stadium, who also was placed on kitchen police the day they landed in camp. Bertine will now work his year in the public relations department at Chanute.

Saturday will be Derby Day at Louisville, Kentucky and we are taking Our Boots to win with Curious Coin, Market Wise, and King Cole running next.

St. Joseph College of Michigan will bring their baseball club here tomorrow and Wednesday for a two day series and then on Friday the Illini will appear in Chicago against the hopeless Maroons.
