

## DAY - TIME

BY BOB DAY

It seems that everything happens en masse at the State U with a weekend that was filled with barn dances and hayrides. Many of the houses were rushing around at the last minute trying to find hayracks which were very, very scarce, but from all reports everything worked out all right and a good time was had by all. As far as the score is concerned the football outlook wasn't any too bright, but any team that can play on a par with the Irish for 3 quarters is OK for our money.

Understand that the Betas had quite a dance last Friday night consuming 80 bales of hay. The decorations were clever no end with signs advertising "Get Wings Here". There were also a number of pictures of Angels floating through space, and other well known National Defense slogans. For a good time.... Classic Cafe...

Noticed Bob Grant, Kappa Sig, bottling up the Kappa Sig pledge dance with Jane Cunningham, Tri-delt..... Jerry Mordue, Skull, was down this weekend to see Barb Kelly, Pi Phi.....Don't forget the Homecoming Dance with Joe Sanders, The Ole Left-hander..... Marny, "Laughing Water" Murray, KKG had quite a reception at the Kappa House when she returned from the Rantoul dance. Several of the sisters were garbed as Indians and they had a real pow-wow until the wee hours.....

Wanita Woody, Gamma Phi, has been dating three ATOs, Bob Bloomquist, Dick Hahn, and Bob Piggott. She had to decide on one of them, and it looks as if Bob Piggott will get the decision.....Jo Le Kander AOPi was serenaded by the AKLs the other night. The reason was because of the fact that she is going with "Ice -House" Dugan from that house. What happened to the Skulls in that league.....Orange and Blue Feathers will be honored with the presence of Dean Wessel, Al Marwick, and your publisher Les Frailey.....There is still time for those Illio pictures...See the Miles Studio today.....

Pete Hamilton, DKE pledge and world traveler has shifted from the Pi Phi house and is now seen with Francis Stone, town girl.....It seems that Idol Stith, Pi Phi pledge doesn't think the Illinois boys are as smooth as the ones at home!.....Don't forget to drop around to the Friday Afternoon Club at Bidwell's.....

A new romance is sprang up at the Kappa house between Bess Yost and Ted Allsup, ATO. Are the letters still coming in from Sparta Ted?.....Tiny Rosen visited Tiny Smith for the Chi Phi pledge dance, but much to her consternation she found his thoughts on Laverne Egglestone, AOPi prexy.....

If you want clothes with style and distinction, see the large selection at Overgard's.....Helen Seaton, Kappa, finds it hard to be rustic, and still be attractive.....It looks as if the local boys are slipping by the great number of girls at the army dance last Friday night.....The Cagle Hall girls hit the jackpot again with two more pins now resting in that house. The latest addition

This week two new radio programs come to life on the Illini campus -- The Sterling Beer Brewery is the sponsor of the "News Caster Contest" and Lou Hodge is sponsoring the other. Lou's has been given the title of "Straight from the 608". Tomorrow night will be Delta Kappa Epsilon's chance to rise n' shine with your editor, Bob Day, on the spot -- being interviewed by Helene Giese, Bob Blum, and Jack Kuney. Listen in on WDWS every evening at 9:15 for the Sterling Beer Contest and every Tuesday night at 9:30 for "Straight from 608".

.....Jean Gregory, Chi O pledge, is definitely not going steady with "Skip" Carlson, Kappa Sig freshman. ....Margaret Stumpe gone berserk and dating an Economics instructor while journeying to Betty Teetor's home in Indiana.....

.....The Alpha Deltas consuming many bottles of brew in Brown Hall as per usual.....Chet Gray had an import from Louisville, Kentucky for KS pledge brawl ..... too much competition in the Harriet Lagerlof Tri-Delt league..... don't miss the coming attraction at the Rialto Theater -- "New York Town" starring Fred Macmurray, Mary Martin, and Robert Preston.....

Torry Wright, lovely Chi O, is said to be casting her bewitching eyes in other directions besides the Chi Phi house and Bill Zebbenfeld.....the Alpha Epsilon Phi girls were all eyes Saturday night when PEP's, Bud Levy, Ira Budwig, Herb Zak, and Jim Gates left the sorority clad in formal attire all except for their pants ! .....

..... Norman-Anderson Jewelers are ready for the Christmas rush and have a convenient lay-a-way plan for the students to take advantage of anytime.

# MAN of the Week

by  
**CHET GRAY**

Digging into the bag of campus personalities this week we come out with the name of Julius "Jack" Kunej for our Man of the Week.

Jack is well known to Illini theatre-goers as a result of his fine record of performance in Illini theatre Guild productions. He is to be seen next in "Seventh Heaven" in which he will portray the much desired role of Zhico. Kunej figures that if James Stewart can do it on the screen he ought to be able to make a hit on the stage.

He spent his high school days at Lakeview High School in Chicago.

**JULIUS KUNEJ**

is now concentrating on his favorite sport handball.

After that he decided to take a fling at college at spent a little time at DePaul College and St. Louis U. before coming to Illinois.

Always interested in athletics, he was a member of the All-State football team in '36. However, a knee injury in the Varsity-Freshmen game his first year here forced him to forego athletics.

Some of his activities, outside of the theatre, include membership in Blue Pencil and working on various radio programs. Last year he was one of the principals on the Overgard program and this year he is scheduled to work on the 608 Club show.

Kunej's football injury enabled him to get a 1-B classification from his local board so he is one of the few who can see something else in store besides the Army when he gets that much prized sheepskin this June.

Jack's love life is in Chi. where he goes with a member of the Chicago Theatre Ballett.... His real fun out of life is making the rounds of all the local spots and just raising hell in general. (Yours truly endorses this policy as the best way of having fun out of life. "I'll take on all comers in handball and beerdrinking", was Jack's final challenge to all Illinois students.

# WOMAN of the Week

by  
**RUTH MEYER**

"He's In The Navy Now" and "Alone" are "Jimmy" Spencer's theme songs since a small but powerful federal agency known as the draft board asked Jack Shnable, Phi Kappa Sigma, to join their little club. Jack received his commission on the day of graduation---a nice present, with best wishes from Uncle Sam.

Since "Jimmy", officially Florence, accepted Jack's Skull pin two years ago she has remained consistently true,

unusual for a woman, isn't it? They will celebrate their second anniversary December 29, together, God- and Roosevelt-willing. The postman who delivers to the Alpha Chi Omega house has petitioned for a salary raise because of the increased weight of his bag. He claims that it

is caused by bundles of letters postmarked from a certain Maine Naval base and addressed to a "Miss --, a Miss Spenser," any connection, "Jimmy"?

In the spring of her sophomore year "Spence" was the only female member on the staff of the "Electrical Engineering Show." Her position was that of a secretary-stooge and record-changer. The latter duty consisted of riding around in the back of a small truck and changing victrola records which were amplified through a P. A. system as an advertising stunt for the show. Last year she was initiated into Theta Sigma Phi, journalism honorary, and this winter she will be in charge of "Matrix Table" dinner, at which Theta Sig presents famous guest speakers. Also pledge master of the Alpha Chi forty-fivers, Jimmy is a plenty capable gal and just as smooth as her picture.

Business is business, and pleasure should be the reward for a hard day's work, i.e., parties come to him who waits, at least, that's Jimmy's schedule-study, then play.

were the Sig Pi pin of Norm Millett which is being worn by Pat Lewis, and Ester Liang is now wearing an honorary pin of Art Toy..... It seems that 5 Deke seniors spent a very pleasant time at the POP pledge dinner. They were given the very sound advice to make their grades, and stick it out all 4 years, and by doing so would learn how "to get around". This advice was given by a Soph as would be expected.
