

DAY - TIME

BY BOB DAY

The Homecoming weary students, after a weekend of happiness both liquid and otherwise, are again confronted with 8 o'clocks and other unpleasant realities. Homecoming is over once again, and it is probably lucky for a lot of people that it comes but once a year- not that we don't like to greet all of our friends and alumni, but the physical strain would be too much for many- believe me! It certainly was a good weekend with all of the old familiar faces haunting the local spots, but there were many who were less fortunate and couldn't be with us this year. Let's hope that the emergency is over in a short while, and they can make it next year.

We have a special communique from Frank Page the wandering cueball: "As yet I am not engaged, but when I am all the world will know it, and I hope that everyone will be there for the party." Frank left yesterday morning for Raleigh, N.C.....From the Kappa House comes the news that Bess Yost took the ATO pin of Ted Allsup. Congratulations to you both.....Bill Sterling, DKE, has finally found the right girl in "Rarity" Rausche Alpha Xi Delta

pledge, who is now wearing his pin.....Don't forget those photographs by Miles.....Wes Martin, Beta footballer announces that he will be married on Nov. 27 to Lou McQuirter, Theta. Wes is at present an Ensign in the Navy.....Marge Frampton, Chi O is now wearing the Beta pin of Morey Meyers.....Drop down to Overgard's today and see their new line of fall clothes.....Bob Linehan, DKE dropped down this weekend and got into the usual jam having two dates for Saturday night.....Fred Tracy, Kappa Sig grad was married last week, returning with his wife for the Homecoming festivities.....The Chi O class of '41 returned en masse with the exception of Bert Wilson who couldn't make it at the last minute.....It's Homecoming all the time at Cal Shull's Midway. Margaret Johnston, Theta town girl is now sporting the ATO badge of Jim Beaumont.....Peach Jurgens, ADPI announced her engagement last Saturday night to Walter Herget, AKL grad of last year..... We won't hold you off much longer, the Heather's surprise is just around the corner.....La Verne Eggleston, AOPi prexy, took the Chi Phi pin of Tiny Smith. This ought to be a blow to the Chi Os as Tiny had a date with Tiny Rosen last weekend..... Toni Bowler, ADPI pledge is now sporting Jimmie Stewart's Phi Tau pin.....Hilda Glenn, Alpha Xi Delta and Frank Dasohback, DKE have called it quits, and that looked like the real thing too.....For the most tender, most juicy, most delicious steaks, it's Twenty Taylor.....The Phi Deltis were honored by the presence of Tom Harmon last weekend. Tom certainly did hit the nail on the head when he remarked on the lack of school spirit at Illinois... Bobbie Mott, Chi O and Jack Sydow have broken up and called the whole thing off.....Peggy Falk, Milliken girl who was visiting the campus this last weekend went home wearing the Alpha Chi Rho pin of Tom Jack.....Jack Flachman will be interviewed on the 608 Club radio program.....Same place, same time, same everything.

Les E. Frailey, Jr.

GUEST SOLOIST

Last night on a national radio hook-up we listened to the lovely voice of Marilyn Skiles. She appeared as guest of General Electric on the "Hour of Charm" program. It made us very proud to hear the announcer mention that Miss Skiles was the representative from the University of Illinois. She did a grand job and in

appreciation for her accomplishment every Illini student should be willing to drop a penny postcard in the mailbox tomorrow stating that Miss Skiles is their choice for the receiving of the national fellowship offered. Address the card: General Electric, Cleveland, Ohio. This is certainly not a plea of any kind. If you had the pleasure of hearing Marilyn sing, your card is probably well on it's way and I only hope that many more follow.

Dribble.... Marge Chaney, Delta Gam, expects the "axe" from the blonde lover, Dick Fager..... The date for the Junior Prom has been set for Dec. 12. As yet, the band has not been selected, but you may bet that it will be an excellent one.....Bob Palmer, Sig Chi, back in the parlors of the AOPi house with Billie Tuttle.....The Greek Register will be on sale this week... What Alpha Gam has a ring and her mother knows nothing about the affair?.....Knippy Knippenberg, KKG, in the Beta company of Richie Anderson

MAN of the Week

by
CHET GRAY

As usual the Illini Theatre Guild came through with another bang-up performance this past weekend with that old favorite Seventh Heaven. Playing before a capacity crowd our Man of the Week, Warren Fuller, gave an excellent account of himself as Boul, the disreputable taxi driver. Other Fuller successes include; "Kiss the Boys Good-Bye", and many different operettes that were popular on campus.

Displaying a great variety of talent Warren has proved most popular while appearing in comedies and light operettes. His efforts this year will be rewarded by having a part in the annual Pierrot presentation. The title of this years masterpiece is "Love Rides the Rails or Will the Mail Train Run Tonight" This promises to be another hit and we feel sure that our man of the week will give a true account of himself.

The thing that really astounded yours truly about Warren was the amount of education he has had. To begin with he had four years in India, two years in Europe, two years at a prep school in Mass., and then two years at Princeton before coming to Illinois. And that my friends is a lot of traveling and a lot of education in anyones language.

Warren's other activities at the present time include working on the Lou Hodge 608 Club show and acting as Tom Peep on the Oskewawa program over WDWS. As Tom Peep he, has the enviable task of picking the Queen of the Week for his radio presentation.

Fuller claims that he has no love life on campus -- but we were unable to get an interview with him until the wee small hours of the morning. We are inclined to believe that he is keeping us in the dark on some parts of his life. No hard feelings however Warren as we're willing to forgive you this time. All of our best wishes go with you and we're looking forward to great accomplishments in the future. Who knows this might be another John Barrymore in the making, and another celebrity for Illinois.

WOMAN of the Week

by
RUTH MEYER

They laughed when she sat down at the piano, but she played on and they laughed no more. They were spellbound. For so captivating is the musical touch of Helene Giese, Tri-Diddle, that she can mold her audience's moods to match her own, whether it is in the depths of the basement or three stories above sea level.

"Gies" has been drumming on the keyboard since she was seven years old. She has seen 16 operas, listens constantly to symphonies and concerts of the masters, and votes for Wagner for first place. In lighter vein, Helene is a boogie-woogie expert "a la carte". No party is complete without a blue plate special from "Gies" which is guaranteed to be hilarious. Listen in some time.

In 1939 Helene and Shirley Hopp, also a Tri-Delt, won second place in the Stunt Show Doubles. In the same year Helene was a council member of Gold Feathers, a sophomore on the circulation staff of the Daily Illini, accompanist in Woman's League Show, a member of Shi-ai, and of Torch. Also recorded on these pages of ancient history lies an account of a pin hanging. The man was Bill Kramer, who editorialized the Scout column. The pin came from the Delt house.

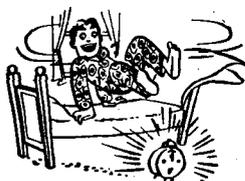

Last year "Gies" appeared over the radio on the "House of Overgard" program. This year it's "Straight from 608". She was also knighted by Lord Marwick as captain of the "All-American Party Girl Team" .. As a reward for her accomplishments Helene was made a white-robed initiate of Shorter Board. Nevertheless, her first and foremost activity of this year will be the current Illini pastime of partying.

In June Helene will receive a diploma from the School of Journalism in the advertising and publishing curriculum. A career? But definitely, she claims. Ed. Note: Only a man can change her mind.
