

Changes and Improvements to be Made on Vu-Graph Slides for General
Kinnard's Presentation to Career Classes, USAIS, 1 Feb 65

1. Slide #42, Air Assault Badge -- Request a photo reproduction of the badge against a colored background, or possibly the sky.
2. Slide #A-7, 10th Air Transport Brigade Organization Chart - Units on right side, under "Acft Maint Bn" difficult to see at a distance; lettering on whole slide is indistinct and unreadable.
3. Slide #I-3A, "Carolina Maneuver Area" - Need a flip showing restricted areas (as shown on 1:250,000 overprint).
4. Slide #M-9B, October test schedule - lettering is too small; unreadable.
5. Slide #M-9C, November test schedule - same as #4
6. Slide, "Phase I B (D-Day)" - Bar scales are presently unreadable.
7. Slide #E43a - Unit symbols do not stand out, particularly on left side.
