

May 9, 1972

Dear Dick:

I am delighted at President Nixon's stand and actions on the Viet Nam war.

I know you have some of the smartest people in the JCS, however, maybe I have a new idea? At any rate if it is of any value, you will know. Rather than just rely on mines and air attacks, why not tug a bunch of our old WWII Victory & Liberty ships over and physically sink them in such a manner as to truly block the entrances to North Viet Nam Ports?

With kindest personal regards.
Come see us,
Sincerely, Bris
