Dear General,

Just a note to tell you again how much I enjoyed seeing you after what seems like so many years ago at SHAFÉ, and to congratulate you again on your very fine briefing.

Our daughter, Jeanne, asked to be remembered to Beeky. They were good friends in Paris. We drove Jeanne to school at Hollins College yesterday and now she's on her way to her second year.

But joins me in best regards to you and Barbara.

Sincerely,
Paul Goodman
