HEADQUARTERS, EIGHTH UNITED STATES ARMY
APO SAN FRANCISCO 96301

31 July 1973

Dear Dick:

As the Commander of I Corps (ROK/US) Group during most of my tour here in Korea, you accomplished an outstanding job. Your relationships with the three Corps Commanders and with the commanders of the two armies concerned were very warm, very frank, and very effective. You carried out the spirit of my ideas with respect to the environment in which we operate here in Korea. You are respected by both Koreans and Americans. You have done the job of a soldier.

Now that you are here in Eighth Army as the Deputy Commander you have additional opportunities. I know that you will serve General Stilwell in the same loyal fashion in which you have served me and so many others before this.

Thank you for a tremendous job well done.

Sincerely,
