11th Air Assault Division
Fort Benning, Georgia

Dear Captain Taylor,

In the early part of October, Colonel William Smith passed through this area on emergency leave, and I understand that you flew him from Robins Air Force Base to Alexander City, Alabama. I have recently received a letter from Colonel Smith in which he expresses his gratitude for your assistance; his letter states, in part, "Captain Taylor's kindness and courtesy will long be remembered and appreciated."

I would like to take this opportunity to pass Colonel Smith's thanks along to you, and to add my own as well. This spirit of cooperation, and the willingness to do more than is required, is what makes our whole system so worthwhile.

Again, many thanks, and good luck in your new assignment. If you should see Colonel Smith, give him my best regards.

Sincerely,

RICHARD T. KNOWLES
Brigadier General, USA
Assistant Division Commander
