THE PRESIDENT

May 13, 1970

Mr. John W. Taylor
Strassenburgh Hall

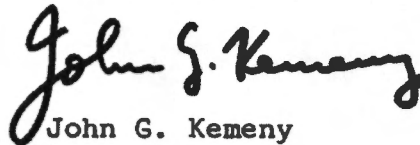

Dear Mr. Taylor:

Thank you for your thoughtful note expressing support for the actions I took on May 4. At that time I was not at all sure what the outcome would be but I felt I had to say what I did. I am tremendously pleased by the constructive response of the entire College community and I hope the spirit generated in the past week of extraordinary cooperation will endure in the weeks ahead.

Your support gave me encouragement when I needed it and I appreciate that very much.

I appreciate your suggestions, although the second one is not feasible because of the essentially non-political nature of the university as an institution.

Sincerely,

John G. Kemeny
