Dear Dr. Taylor:

On 21 July 1971, a notification was sent you by certified mail informing you that we are in receipt of your appointment as Lieutenant, Medical Corps, Naval Reserve under the provisions of Draft Call 46. This notification advised that you were required to accept this appointment within ten days of receipt of the letter. A call to the University District Post Office on 30 July revealed that you had not called for the letter.

Regulations require that you accept this appointment within five days of receipt of this second notification. Failure to do so will result in a report of such failure being sent to your local draft board and the Chief of Naval Personnel.

It is requested that you contact this office immediately to make arrangements for accepting your appointment.
