Translation by John Taylor:

Dear Dr. "GoGo"

We admire you all the time, every day.

From the 25th to the 30th we thought we were going to die. We were always afraid -- of the VC, of the planes. We saw VC walking on the main road. They killed 2 people near the hospital. We were very afraid. We could not eat or drink. We couldn't go to get water.

Thank you for working so much. Thank you for helping my mother, she is much better now.

Stay well. We love you.

The hospital nuns, Gabrielle.
