Dear Mr. Kirkland,

I'm interested in your TET '68 project, but I don't know what my schedule will be like that far ahead.

Let's stay in touch, and I should know later this year whether or not I can make it.

Best of luck with a great idea!

Sincerely,

A handwritten signature in cursive script that reads "David Hume Kennerly".A simple, stylized handwritten mark or flourish consisting of a single, sweeping line.
