Re: Photographs of the Ripley Diorama

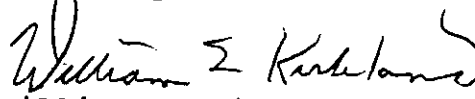

Dear Lieutenant Coffman:

As we discussed by phone, Colonel John Ripley, USNA '61, is scheduled to be our main speaker on February 1, 1992 at our fifth annual TET Reunion. We would like the assistance of your office in providing us a photograph or two of the diorama of Col. Ripley at the bridge at Dong Ha, RVN. We would also appreciate receiving a copy of his award of the Navy Cross for his heroic efforts to blow this bridge. We want to make up a poster so that persons coming to our reunion have some visual idea of what this man did.

I enclose several items we have sent out which explains what TET '68 does. We are proudest of having awarded 21 \$500 scholarships to children of Vietnam Veterans over the past four years.

Should you need to call, my home number is
, please leave a message. Thanks for your help.

Sincerely,

William E. Kirkland
