Dear General Manor,

I was so excited to learn that you will be attending this year's TET '68 weekend in Richmond, Virginia on February 3rd and 4th that I phoned Marty donohue at his work to tell him once I'd gotten off the phone with you.

You will be joining a long list of distinguished Vietnam veterans - Gen. Westmoreland, Navy CPT Rick Hauck, USAF Col. Fred Cherry, Seabee's Admiral Marschal, MOH recipients, and just plain soldiers, airmen, women, and sailors - who have taken their time to attend TET '68. I enclose a program of events from 1990 to illustrate what it is we do. People who attend usually number around 300-350 and we have a good group of repeaters. They like the way we are organized and our program stays pretty much the same year after year.

I would ask you to contact a travel agency or AAA and make arrangements to travel from Florida to Richmond, Virginia. We want you to plan to arrive during the day on Friday, February 3, 1995 and plan on attending our memorial service at the War Memorial at 1900 hrs. Saturday morning is when we have our program and we plan to have you and Marty and hopefully an Army person who was on the ground at the site speak about the planning and operation. If you will permit questions, the audience will have some. In making your travel plans, we are aware that you will need to return to Florida on Saturday. Someone from the TET group will take you from the airport and return. Additionally, you will be our guest at the hotel for Friday night including all meals consumed on their premises.

TET will pay for the roundtrip airline ticket once we know which travel agent you've selected to work with me. My home number is on the enclosed TET card and I have an answering machine. Thanks for getting involved with TET '68. I'll keep in touch.

Regards,
