

Dear Gary:

I received my first membership listing (1995 Membership Directory) the other day. This year is the first I've really thought back on that period of time. Many years were filled with a military career, moving, TDYs and raising a family.

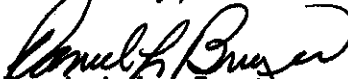

I've maintained some records of that tour in the 'Nam and wished I had kept more! Unfortunately packing and moving does not allow one to keep everything (nor does Uncle Sam)!

Going through what little bit I do have and matching up those with the directory makes me realize there are many pilots out there who are not listed. The enclosures are yours to keep. Those are copies of the ones in my files. The pencil asterisk in front of names are ones I did not find in the directory or possibly were mislabeled.

I also included a copy of "Rules of Engagement, Armed Helicopter Operations" for you and the Historical committee. Also is an excerpt from: "Mounted Combat In Vietnam" by General Donn A. Starry. He says 1st Squadron, First Cavalry was assigned to the 1st Armored Division and attached to the 23rd (Americal) Division. As a member of D Trp 1/1 Cav, I have worn a 1st Armored Div combat patch since 1980 and based that on the book by General Starry.

Hope to see all at the annual reunion!

Sincerely,

Daniel L. Brunger
