Re: 7th U.S. Cavalry History Book

Dear Mr. Turner:

This letter is to express my most sincere feelings of gratitude and appreciation for the very recent publication of the "Legacy of the 7th U.S. Cavalry", in Korea, military history book.

The Korean War and often called the (Forgotten War), was the first war against Communist Aggression that borne the priceless fruits of victory. It is hopeful that the readers of this book will have a better understanding of the incredible hardships and sacrifices that were endured, during the war.

And as you well know Mr. Turner, there are very few military books written about the Korean War. So, I give you a special thanks for supporting and making the book project a reality. For this, I am extremely grateful to you.

Further, it was a privilege and pleasure to have had the opportunity to work with the entire staff of Turner Publishing Company. I have never experienced a more dedicated group of individuals that were so instrumental in helping and assisting to see the book project through its final completion. Without their many contributions, this book would not be what it is. I extend my gratitude to each of them.

Again, my many thanks and appreciation to you and the entire staff of Turner Publishing Company.....

With kindest regards,

Edward L. Dally
